TREATMENT OF PLANTS WHEN RECEIVED.—There is, of course, a disturbance of the plant growth in the removal of the earth from the roots, but the check is not as much as many might suppose. We have noticed that often where the soil has become unfavourable in texture or in some other causes, that the removal of the earth and washing the roots entirely clean, then re-potting the plant in fresh soil, is of great advantage to it. This is our practice, and we believe it a valuable and unhesitating plan and we often experience our immediate returns.

Twenty percent. in plants on all club orders of $5.00 to $10.00 and five Carnation Pinks and two Roses additional. Twenty-five percent on all club orders of $10.00 and upward, and five Carnation Pinks and five Roses additional.

For example: For every $5.00 worth of plants ordered in clubs we will send $3.60 worth and two fine Carnation Pinks In addition; for every $10.00 worth in clubs we will send $6.00 worth and five Carnation Pinks and a list of flowers when the club orders of $25.00 or more we will send $4.50 worth and Carnation Pinks and five Roses additional; for every $25.00 we will send $23.50 worth of plants, ten choice Carnation Pinks and two additional Roses: For $50.00 we will send $32.50 worth of plants, fifteen fine Carnations and ten additional Roses; for $100.00 worth of plants, twenty-five distinct varieties of Carnation Pinks and one hundred Roses additional. The plants for the percentage and additional Pinks and Roses to getter-up clubs we prefer that persons would select their own premiums. That is, the amount of percentage.

OUR FOUR PREMIUMS:

Appreciating the generosity of many customers, we, this season, have grown the following elegant Roses and Pinks, which we wish to present to our friends. The Pinks and Roses are of late introduction and of unusual merit; the Pinks vigorous and distinct sorts.

BOUGERE—Deep rosy bronze, large and full, vigorous grower, very desirable.

VALLE DE CHAMOUNIX—A beautiful rose, good size, very double, full and sweet; color, coppery yellow, elegantly shaded and tinged with rosy blush.

CHARLES SUMNER—This is a strong growing, free variety, very sweet scented, color beautiful rosy pink, double and well formed.

SNOWDROP—This is a rare new Carnation, dwarf in its habit, flowers are of the purest white borne in great profusion on plants rarely exceeding one foot in height, an elegant bedding sort as well as a pot plant for Winter flowering.

PREMIUM CARNA TION PINKS:

Every one in clubs or otherwise, sending an order of $1.00 or more, and adding to cents will pay postage and packing, will receive one of the above roses; by adding 20 cents will receive one Rose and one Carnation, above 40 cents will receive all four of the above.

All entitled to premium packages from clubs are entitled—by adding to cents—to any of the above premiums; or all by adding 40 cents. Those having recently received any of the above varieties and not wishing to do so, will select them from the general lists.

Please name your premiums in with the order.

The above premiums do not apply to seed orders, but to plants only.

For terms on seeds see heading of Vegetable and Flower Seed Lists.

HOW TO SEND MONEY:

There are four safe ways of sending money: By Bank Draft on Philadelphia or New York; Post Office Money Order on West Grove, Chester Co., Pa.; the new Postal Note, or Cash in Registered Letter. All Post Offices are not Money Order Offices, but all Post Masters are required to register letters when requested to do so. We would urge that remittances be made by some one of these methods, and we will be responsible for their safe arrival here and it will be observed by the following article that we will also be at the expense of all remittances. MAKE CHANGE IN POSTAGE STAMPS.

Cost of Sending Money.—When money is sent by any of the above methods we will, in all cases, add the cost of sending to the order in additional plants.

Purchaser's Choice of Varieties.—We wish it distinctly understood that purchasers can make their own selections from the within lists. Our stock is large, and we hope to be able to meet all demands. If, however, toward the close of the season some varieties should chance to become exhausted, we ask the privilege of substituting others as near like the exhausted variety as we can. We think this is better than the delays incident to a correspondence, in which, perhaps, there is but one or two plants of the desired sort. When the selections are made we shall send the order promptly, and think, in many cases, our intimate knowledge of our stock as to color, habit of growth, etc., will enable us to do better than those who have to judge from mere description.

A FEW SUGGESTIONS:

An Order Sheet and Envelope will be found with each Catalogue.

In ordering, be sure to fill all blanks, giving Name, Post Office, County and State.

To be sure of paying Quoted Prices in the order, add us the amounts carefully, so that we can see at once whether the money has been sent from this source. This gives us much valuable information, and assist us greatly in getting the order off at once. If you send us the money with the order, you will find our quoted prices in Catalogue, which are low compared with other reliable establishments, and to save future correspondence and office work here, we request that in all cases the money be sent with the order.

Orders C. O. D.—We will send goods to collect on delivery, provided there is a partial remittance with the order, which will enable us to receive them at our own expense, and save them from unnecessary postponements, and to save future correspondence and office work here, we request that in all cases the money be sent with the order.

Lost Orders.—Persons in notifying us that their plants have not been received, should, in all cases, give us a duplicate of the order, or have it sent to us, and we will make every effort to correspond with the customer until we find out what plants are needed. No matter how often we write to us, always give your Name, Post Office, County and State in full.

Careful attention to this will greatly aid us in our work.

Size of Orders.—While we wish to be as accommodating as we possibly can, the extremely high rates of postage and our low prices compel us to limit the size of plant orders to not less than one dollar. Our reasons for this is, that small
orders, say 50 cents, require full one-half in boxing, wrapping and postage to get them off, while an order of one dollar, or some cases even two dollars, requires but little more. It will, therefore, be seen that small orders, after paying the expense of packing and postage do not leave us a margin for profit, or even pay the cost of production. In club orders it will make no difference as to size of each; provided all are sent to one address. No difference as to amount or seed orders.

**Time that orders should be on the way.**—If persons ordering and living east of the Mississippi do not hear from us in two weeks from the time of ordering, they would confer a favor by notifying us of the fact. Those living west of the Mississippi should receive their orders inside of three weeks from the time they are ordered, except in some remote places where there are long and tedious stage routes. Where periodic plants are concerned, usually but a few days are required from the time of ordering until the plants are received. As a general rule packages are shipped on the day after the order is received, except on Saturday. We do not ship on that day, except when very much crowded, as shipments made then may lie over on the Sabbath.

**Our Miscellaneous Collection.**

The following list of plants will be found desirable, embracing such as will insure a continuous bloom throughout the season. At the extremely low rates at which these collections are offered, the selection must be left to us. We will send different varieties of everything offered. For instance: We offer ten monthly roses, we will send ten different varieties, and so on through the list.

We offer the whole collection No. 1 of one hundred plants for $1.00, being a large discount on catalogue prices. This collection sent by express only. All others are sent by mail, postpaid, if desired.

**COLLECTION NO. 1.—$1.00.**

5 hardy Hybrid Perpetual Roses, 10 Monthly Roses, 10 Verbena, 6 Coleus, 2 Alternantheras, 3 Heliotropes, 6 Fuchsias, 5 Petunias, 6 Lantanas, 4 Pansies, 3 Scarlet Sage, 2 Rose-colored Sage, 2 Achyranthes, 5 Single Geraniums, 3 Double Geraniums, 2 Dahlis, 1 Calla, 2 Hoselobe Bulbs, 6 Chrysanthemums, 4 Carnation Pinks, 1 Lemon Verbena, 1 Calla Ethipica, 2 Lobelia, 2 Cannas, 1 Coral Grass.

**COLLECTION NO. 2.—$3.00.**

2 Hybrid Perpetual Roses, 5 Monthly Roses, 6 Petunias, 6 Coleus, 3 Heliotropes, 2 Carnation Pinks, 2 Double Tubrose Bulbs, 5 Verbena, 1 Lobelia, 1 Achyranthes, 2 Double Geraniums, 2 Single Geraniums, 2 Lantanas, 3 Salivas, 2 Fuchsias, 2 Basket Plants, 1 Cuphea, 4 Chrysanthemums, 2 Dahlias, 1 Begonia, 1 Japan Honeysuckle, 1 Climbing Rose, 1 Calla Ethipica.

**COLLECTION NO. 3.—$5.00.**

1 Hybrid Perpetual Rose, 3 Monthly Roses, 8 Petunias, 2 Carnation Pinks, 2 Tuberoses, 5 Verbena, 1 Scarlet Sage, 1 Pink Rose, 1 Choice Dahlia, 1 Bouvardia, 1 Catalonian Jasmine, 1 Ever-blooming Honeysuckle, 2 Chrysanthemums, 2 Hardy Garden Pinks, 1 Fuchsia, 1 Lantana, 1 Cuphea.

**COLLECTION NO. 4.—$8.00.**

1 Hybrid Rose, 2 Monthly Roses, 2 Heliotropes, 4 Carnation Pinks, 2 Coleus, 1 Chrysanthemum, 1 Double Violet, 1 Lantana, 2 Pearl Tuberoses, 4 Verbena, 1 Double Sweet Alyssum, 1 Fuchsia, 1 Abutilon.

**COLLECTION NO. 5.—$1.00.**

1 Hybrid Rose, 2 Monthly Roses, 2 Verbena, 1 Coleus, 1 Carnation Pink, 1 Calla Ethipica, 1 Lantana.

The above 5 collections sent by express for $1.00.

**PLEASE TAKE NOTICE.**

The following One Dollar Collections (our selections) sent postpaid, each plant carefully labeled all different. For instance, where we send ten ever-blooming Roses there will be ten distinct varieties.

**LOOK HERE AT NO. 9.**

**OUR $1.00 COLLECTION.**

The following One Dollar Collections (our selections) sent postpaid, each plant carefully labeled all different. For instance, where we send ten ever-blooming Roses there will be ten distinct varieties.

**COLLECTION OF NEW ROSES AND PLANTS.**

No. 6—1 Etoil de Lyon, an elegant new buff Tea Rose, very fine; 1 Queen Scarlet (brilliant scarlet) constant bloomer, 1 Marie Guiliot, choice white, 1 Marie Van дер Noot, wavy slightly tinted yellow, very fine; 1 Catherine Stretet, elegant pink, shaded amber, Cornelia Cook, pure white with blush, elegant bud. These roses worth $1.00, all for $1.00.

No. 7—Azalea worth 50c., 1 Weeping Beauty Fuchsia, worth 25c., 1 Calla Ethipica, worth 25c., 1 Eulalia Striata, worth 50c., 1 Calla, 1 Pc. of seeds, 1 new Collection, 1 choice pink, 25c., 1 Calla, 1 Pc. of seeds, 1 new Collection, 1 choice pink, 25c., 1 Calla, 1 Pc. of seeds, 1 new Collection, 1 choice pink, 25c., 1 Calla, 1 Pc. of seeds, 1 new Collection, 1 choice pink, 25c.

No. 8—Eulalia Zebra worth 50c., beautiful double white Fuchsia worth 25c., 1 Fine Double Violet worth 25c., 1 Passion Vine, very choice, worth 30c., 1 Hydrangea Grandiflora worth 25c., 2 elegant new Carnation Pinks worth 50c., all for $1.00.

**Look at our Choice.**

A rich dark crimson, should have slight protection north of Washington. Changing a delicate shade of pink, free flowering and hardy. Magnolia—White with buff center, very double; 1 Climbing Hermes—Coral beautiful pink, very flowering. 1 white Clu-ter—Pure white, blooms in immense clusters. 1 Glorie d Rosedome—Rich velvety crimson, very showy, needs slight Winter protection. Champay—Light blush, free flowering.

**OUR $1.00 COLLECTION.**

The above six collections to one address for $1.00.

The above 12 collections to one address, with four premiums, $9.00.

**COLLECTION OF ROSES FOR MASSING.**

These collections have been selected with a view to their brilliant shades of color and free blooming, and will be sent postpaid. Selections must be left to us.

**COLLECTION OF HYBRIDS.**

These collections have been selected with a view to their brilliant shades of color and free blooming, and will be sent postpaid. Selections must be left to us.
ROSES.

JOSPH T. PHILLIPS.
W: EST GROVE, CHESTER CO., PA.

ROSES are our leading specialty, and the success we have met with in our efforts to grow and distribute beautiful roses is indicated by the fact that they have gone into every State and Territory in our broad land, the Dominion of Canada, and are now being grown from Alaska all the way down to Patagonia. The thing that strikes us is the surpassing stamina appearing their merit not only as to our carefully selected list of varieties, but the health and vigor of the plants sent out, and their ability to produce abundant and beautiful bloom the first year. Indeed, almost their first effort is to reward our purchaser with choice blooms. This we therefore make to receive an order to say that we have selected and grown these roses with a view to making them as distinct as any in the country; and here allow us to remark that we think it much safer to select from a medium list, from which all inferior and indistinct varieties have been dispensed.

We have taken especial care to classify our roses under the headings to which they respectively belong, as follows: Hybrid Perpetual, or Remontant; Bourbon, teas, Noisettes, Chinas, Prairie or Climbing Roses, Lady Banks, and Moss Roses. Each class will be full of brief notes, setting forth the distinguishing features of each, which we trust will greatly aid our friends in making their selections.

Potential Roses—Our roses are grown in pots. Pot-grown roses have the advantage of a compact body of fibrous roots, which put them in the best possible condition for shipping, and for vigorous growth and immediate and abundant bloom.

Roses on their own roots—Our roses are grown on their own roots. There need, therefore, be no fear of their sending up shoots of the wild rose, as is often the case with those budded or grafted.

CULTIVATION, &c.

Our limited space will not permit us to enter into detail instructions but a few suggestions as to the arrangement, cultivation, etc., is in all cases will allow, but we hope that these hints will be of that practical kind that will meet the case and of the case without irritating our readers.

Soil.—Any good garden soil will grow roses. If choice can be had of soil, we would prefer a rich loam, well-enriched with decomposed manure (provided it is well decomposed). Do not use fresh stable manure, as it is very mischievous, producing fungus, and creating an unhealthy condition of the roots. The rose is a gross feeder and will bear stimulating by too dressing.

Top Dressing.—In the Fall, after the plants have had the Summer's growth, it is a very great advantage to top dress with ordinary stable manure. This protects the roots and the exterior of the plant from being affected by freezing.

Pruning.—Pruning may be applied during the growing season. If it is desired to get the plants into fine forms. This for hardy sorts is desirable, as they are expected to remain alive many years; their shape can easily be controlled by pinching off the youngest growth after the plant has attained the height desired. We have seen specimens of the Hybrid Perpetual class thus cared for, resembling a miniature tree, covered with its gorgeous flowers. When the protection is removed in the Spring, they should be pruned out and the plant put in as good shape as possible.

Arrangement.—We would advise the planting of all the monthly varieties in a bed by themselves, that is, where persons are planting largely, giving the Hybrids a place alone. The colors may be arranged suit the different times. They should be located so as to get the sun most of the day. Dig and pulverize the ground thoroughly. In planting, firm the earth around the plants to prevent the air from penetrating to the roots before they are fully established. Thorough cultivation is essential. It is a hardy plant, if grown in the lawn, to be dug every year, or the roots will be compacted in a place, as in that case they are not able to get the cultivation they so much need. Plant from 15 inches to 2 feet apart.

INSECTS AND OTHER ENEMIES.

Slugs—These are little soft worms that feed upon the leaves. They usually make their appearance about the time the leaves are fully developed, and if not taken care of at first, will destroy them completely. When this occurs, we advise using Paris Green in the boxes or pots. Use 3 grains per pound of soil, and cover the soil with a piece of paper to keep it from being washed out. Bone meal, wood ashes, and potash are also good. When the weather is too cold to work, put the pots in the boxes and put the boxes in the walk. Do not use the same boxes for two years in succession.

 Aphids, or Green Fly—They do not often attack roses outside the greenhouse or window. In any case, however, where they make their appearance, fumigate with tobacco by covering the plant with a cloth or box, and placing a vessel of burning tobacco underneath; two applications are sure to destroy them.

Rose Bogs—These are so persistent in their attacks that hand-picking is the only effective remedy, and if persevered in will rid the plants of the pest.

Red Spiders.—A very minute insect, scarcely seen by the naked eye. They collect in great numbers on the under side of the leaf, and their presence is soon discovered by its unhealthy and faded condition. The persistent and thorough application of water to the leaf, or spraying it with soap and eruc oil, is the best means of getting a rid of the plant. The spider seldom attacks out-door plants.

Caterpillars.—These are occasionally have reports from purchasers of roses, that they grew well for awhile and gave promise of a fine display, when, all of a sudden and without more or less reason, the purchaser will find the leaves eaten on all sides. This is a nuisance, and for the prisoner in the greenhouse, the matter is frequently aggravated by a failure of moisture in the atmosphere, that collects on the leaves, produced generally by sudden changes of temperature breaking up the tissues of the leaf, thereby inviting the attack. We know of no other remedy than a liberal application of the antiseptic gelatine or sulphate of morrh. We have occasionally have reports from purchasers of roses, that they grew well for awhile and gave promise of a fine display, when, all of a sudden and without more or less reason, the cause of this sudden change from vigorous life to sudden death is not known. The leaves are eaten, and the plant appears to be nothing but a bunch of sticks. We would advise that the first appearance of the plant will be to try it with a little more watering, to make thorough search about the roots, and destroy the hurt enemy by either digging or spraying, to make thorough search about the roots, and destroy the hurt enemy, for it is the only remedy.

WINTER PROTECTION.

Do not give too much protection; a slight protection of straw we consider the best; in addition mulch the ground around the plant with leaves and straw manure. The best material is eye straw. The stake the plant and then place the straw upright around it and bind securely. This should be done before hard freezing in the Fall, and removed before the buds start in the Spring. Our roses are all grown on their own roots from cutting the young wood. They are healthy plants that have never been forced, and therefore have a large proportionate amount of working roots. We desire here to impress upon purchasers the advantage of getting roses that have been grown in pots. The fact of their being thus grown is no way affects their hardness, but, upon the contrary, enables them to grow with vigor from the time they are planted.

LARGE vs. SMALL ROSES.

We sometimes have inquiry for large out-door roses; these we gladly furnish when we have them, but the advantage the purchaser is not so much as persons imagine; the large old rose may have nearly run its course, and its impaired vigor will prevent it from producing as many flowers as appearance might indicate; on the other hand, the young plant has often proved to be, with all the vigor of youth, to throw into its efforts to produce bud and flower, and our experience and observation confirm the statement that small roses carefully grown, and planted out of doors in good time, say May ist, with proper tillage, will produce many more flowers and better flowers. As to the old plants, all things must be equal.

ROSES FOR WINTER BLOOMING.

During the Summer we prepare roses for Winter blooming by keeping the buds and the plants well trimmed back, reserving all their forces, as far as possible, for the Winter growth and bloom; we are compelled to keep them in small pots in the green-house, as it is almost impossible to get enough root for the pot to be filled. The next Spring, before these plants are rooted, we put them in 5-inch pots, pot them 2 inches in the pot, and 2 inches in the ground and space them as far apart as possible. This treatment is much the most efficient and productive of the best result.

We have had roses in shipping order at all seasons of the year (and indeed most other stock); our patrons therefore need not hesitate about sending their orders at any time.
HYBRID PERPETUALS OR REMONTANTS.

Among all the class of roses there are none that produce such brilliant colors, stately form and delicious fragrance as the Hybrid Perpetuals. The term perpetual, as applied to this class, might mislead some persons as to their blooming habits. They are not perpetual, though some varieties are very free bloomers. They give the finest bloom in June, and occasionally flower during the summer, and then again a finer display in the fall. Though entirely hardy they are much benefitted by a slight protection of straw or evergreen boughs.

Anna de Diesbach—Dazzling crimson, flowers of immense size, fine form.

Augusta Mie—Clear pink, very large and finely cupped, fragrant, can always be depended upon.

Baronne de Maynard—A very pretty white rose, at times shaded blush.

Black Prince—Dark crimson, shaded black, cupped large and full.

Belle de Normandie—Beautiful clear rose.

Baron Provost—Brilliant rose very large and full.

Cardinal Patrizi—Dazzling scarlet, a splendid color.

Cymabie—Deep crimson, very double, a strong grower.

Coquette de Alpes—A beautiful violet rose, shaded carmine, fine form, free bloomer.

Caroline de Sants—Clear, brilliant rose, tipped with rose lilac, edge having a bronze cast.

Due de Cazalis—Blackish, violet purple, large and very double, fine.

Fannie Pitsold—Bright rose blush and carmine shaded and edged with violet.

General Washington—Bright vermilion, intensely double, fine bloomer.

GIant of Battles—Brilliant crimson, changing to pink: beautifully shaded, large and fine.

George the Fourth—A fine dark sort, vigorous grower.

Gabriel Tournier—Deep carmine rose, very double and fragrant, new.

Geo. Prince—Large, full form, dark maroon.

Glorie de Satiny—Brilliant crimson, double and full.

Garibaldi—Purple, red, strong habit.

Gilbert Slater—Light purple, in clusters.

General Jacqueminet—Fine velvety red, changing to scarlet crimson, producing the celebrated "Jack" buds that have sold as high as one dollar each; a magnificent rose.

Jules Margotin—Bright, cherry red, large and full, a vigorous sort.

John Hopper—Brilliant rose, changing to bright crimson.

Lady Emily Peel—A charming white rose, fine style, medium size, good bloomer, fine for cemetery planting.

Leopold Premier—Very dark crimson, a free bloomer.

Lord Raglan—Brilliant crimson scarlet, a splendid sort.

Louis Odier—Pink, very double and fine.

La Reine—Color bright rose, fine, full form, fragrant, well named for Queen.

La France—Beautiful pale peach, rose center, large and full, very free bloomer; this is one of the best we know of for blooming in the open ground, or in pots.

Madame Bosanque—Fine pink.

Madame Francis Petit—An elegant white Hybrid; flowers in clusters, pure white, slightly tinted rose, large, full and double.

Madame Planier—Pure white, large and double, a good cemetery rose.

Madame Alfred de Rougemont—Pure white, tinted rose, one of the best white hybrids.

Madame Chas. Wood—Brilliant crimson, shaded with purple, a profuse bloomer, one of the best.

Madame Alice Duna—Clear rose color, large and full, very attractive, deliciously fragrant, a first-class rose; the style of La Reine.

Olga Marix—A pure white hybrid of rare excellence, fine for cemetery.

Peerless—Rich crimson, double and fine.

Pomme—Clear cherry red, brilliant, good grower and free bloomer.

Prince Camille de Rohan—Crimson maroon, rich and velvety.

Perfection des Blanches—Strong grower, fine shape, white and very double.

Pius Ninth—Clear, bright rose, changing to rose pink, beautifully shaded, large and fine.
Marie Van Houtte.
Roy de Espagna—Purplish crimson, shaded to dark pink in the center, an excellent bloomer.
Reynolds Ho—Dark crimson maroon, large and full.
Souvenir de Abraham Lincoln—Crimson, flame'd with fire, purple and rose, full.
Triumph de Toulouse—Flowers large, full and well formed, of a deep, velvety red wine color, passing into blush.
Triumph de Exposition—Bright crimson, large and double.
Vulcan—Dark, rich velvety crimson, changing to blackish purple.
Victor Verdier—Brilliant rose carmine, edged purple, very fine.

TEA ROSES.

For price of Roses in General List see page 5.
This class is the most charming of all, giving the most delicate colors and the highest fragrance. They grow most luxuriantly, and when massed produce a pleasing effect; require Winter protection.
Adrienne Christine—A beautiful shade of apricot, citron and fawn; tinged with rosy pink.
Amabilis—Cream white, with pink shaded to coral; centre very fine.
Aurora—Beautiful rosy blush, fragrant, good.
Adam—Blush, very sweet, large size.
Anna Ollivier—A superb rose, full form, color a lovely creamy blush, shaded with deep crimson, tinged and edged with silvery rose.
Aline Sisley—A rare shade of violet red, double, sweet, beautiful pointed bud.
Bonsilene—Deep rose color, fragrant.
Bougere—Deep rose bronze, large, full.
Belle Lyonnoise—Deep canary yellow, changing to white, tinted salmon.
Curiace—White, tinted and shaded yellow, border rose; petals pointed, very distinct and fine; well named the Curiace.
Caroline Cook—White with pink tinge, free bloomer, good.
Cornelia Cook—Is much sought after for its beautiful bud, and is still very scarce; color is pure white, faintly tinted with blush.

Charles Rovilli—A bright shade of carmine, changing to silvery rose, very fragrant and attractive.
Celia—Pale blush, large and superb.
Countess Riza du Park—Very vigorous flowers, large and globular.
Cloth de—Creamy white, delicately tinted with pale blush, full and sweet.
Coquette de Lyon—A rich shade of canary yellow, good form, an excellent new rose.
Devonnessis—Creamy white, sweet and doubles, splendid sort.
Duchess de Magenta—Flowers rose salmon, shaded with flesh color and fawn, very large and full.
Duchess de Brabant—Soft, rosy blush, changing to deep rose, edged with silver rose, fine tea scent.
Eugene Jovine—Pure white, free flowering habit.
Empereur de Russie—Beautiful pinkish salmon, good form and habit, free bloomer.
General Tartas—Dark rose, large and double.
General Blanchard—White, shaded flesh color, the best of its color.
Isabella Sprunt—Canary yellow, flowers abundant, beautiful bud.
Jo—A lovely rose, medium size, full and double, pale canary yellow, fine buds.
June de Ore—Fine yellowish fawn, medium size, full, globular, very beautiful.
Jules Finger—This is a magnificent new rose that we imported from France last Spring. Large, vivid red, shaded lighter, a rare color in Teas.
Julia Macais—Pure white, very large and full.
La Boule de Or—Fine yellow, tinted fawn.
La Jonquil—Golden yellow, a peculiar shade.
Laurel—Cream white, buff center, very double.
La Nankin—Copper yellow, of good form.
La Neuanze—A beautiful rose, good size, very double, ten-scented; color salmon rose, tinged and shaded with coppery yellow.
Letty Coles—Beautiful flesh colored flowers, richly marked with deep pink, regarded as one of the most elegant of the new tea roses.
Madame Margotin—Dark citron yellow, buds orange shade.
Madame Falcot—Fine apricot yellow, buds orange yellow.
Madame Damaizin—Delicate salmon and rose shaded with amaranth and pink.
Madame Hippolite Jamain—Cherry carmine, large, full.
Madame de Roscoff—Deep rose, new.
Madamoiselle Rachel—Pure white, fine bud, free bloomer.
Madame Lombard—An elegant new rose recently introduced from Paris, fine form; color a shade of silver bronze, changing to fawn, shaded with carmine rose.
Madame Jules Margottin—Bright pink, center tinged with yellow, large and very sweet, full and fine.
Madame Sylvester—Blush white, shaded center, flowers of great substance, abundant bloomer.
Madame Celine Berthod—Pale lemon, center canary yellow, flowers good size and full, a beautiful rose.
Madame Adelaide Ristori—Carmine and cream white, very fragrant.
Madame Emile Dupay—Flowers yellow, tinged with salmon, growth vigorous.
Madame Camille—Delicate salmon pink, reined white.
Madame de Vatry—Deep rose, large and full.
Madame de Blanchet—Beautiful canary yellow, large and double.
Marie Guilot—Vigorous habit, flowers large, full, exceeding well formed,imbribated,of abeautiful white, with a yellowish hue, a most desirable variety.
Madame Maurice Kuppenheim—A new French rose; flowers large, full, double; color pale canary yellow, faintly tinged with pink, shaded with coppery rose.
Marie Sisley—Cream white, edge of petals belted with pink.
Marie Van Houtte—White, slightly tinted yellow, petals often edged with rose, flowers quite full and well formed, a good rose both in bud and open. See cut.
Marie Duchere—Rich transparent salmon, with fawn center.
Marchal Robert—Large, fine globular; color pure white, tinted and shaded soft, rose blush and pale lemon, a fine new rose.
Perle de Lyon—Splendid, orange yellow, distinctly shaded with pink, sometimes coppery gold blended with crimson, elegant buds and full open flowers, highly scented, a most desirable rose.
Regale—Dark salmon, shaded with rose, a magnificent bud.
Reine du Portugal—An elegant, well formed tea rose, dark yellow in center.
Souvenir d’un Amie—A beautiful rose, large ver double, full and sweet; color deep rosy flesh, tinged and shaded with purplish lilac.
Sherly Hibbard—Flowers large and well formed; color fine straw yellow, sometimes a deep canary yellow.
Souvenir de Paul Neron—Fine salmon yellow, edged with rose, large and full.
Souvenir de Madame Perret—A beautiful new tea rose, recently introduced from Paris, flowers large and elegantly formed, very double and fragrant; color a soft, rosy carmine, tinted and shaded with yellow.
Sombrieul—White edged and tinted with silvery rose, very sweet.
Saffrano—Bright apricot in bud changing to buff, a fine center, one of the finest tea buds.
Triomphe de Milan—Large, double and well formed; color white, with deep yellow center, very beautiful.
Valle de Chamounix—A beautiful rose, good size, very double, full and sweet, color coppery yellow, elegantly shaded and tinged with rosy blush.
Yellow Tea—Large, very double and fine, color pale golden yellow, large pointed buds.
White Tea—A rather tender variety, best in the South, good bloomer and fragrant.

BOURBON ROSES.

These usually have a glossy, substantial leaf, are free bloomers, and are more hardy than Tea, China and Noisettes. Some varieties of this class, like Souvenir de la Malmaison, will bear severe cold unprotected.

Bouquet de Marie—Deep rose, tinted and veined silver white.
Compte de Us—Brilliant carmine, large and very double.
Climbing Hermosa—An exact imitation of the old Hermosa, except that it is climbing in habit, free bloomer, fine pillar rose.
Duchess Thuringe—Beautiful silver rose, or pure white, shaded with amber, elegantly cupped, a lovely rose.
Duchess de Normandy—Light rose crimson, very double.
Henry Plantier—Flowers deep rose color, medium, blooms in profusion.
Hermosa—An old, though much valued variety, clear rose color, free bloomer and fragrant.
Leison Gower—Cream white changing to spotted pink veigation, large and double, one of the very best, vigorous grower.
La Phalerie—Brilliant rose, shaded with red.
Madame Rivoy—Purplish scarlet, good bloomer, vigorous habit.
Monthly Cabbage—Deep rose pink, large and globular.
Premium de Paris—Dark crimson and pink, frequently having several shades of flowers at the same time.
Paxton—Bright rose, free bloomer, a handsome pillar rose.
Pink Daily—Light pink, cluster.
Pere St. Cyre—Fine rosy pink, changing to lilac, purple, sweet.

Marechal Niels.

PINK CLUSTER—Dark pink petals folding back to the stem, giving it the appearance of a round ball, free bloomer, is very desirable.
Queen of the Fairies—A splendid fine light pink, large and full.
Souvenir de Malmaison—Blush white, large and double, very sweet, one of the very best.
Verdiloma—Greenish rose, deep green, quite double.
White Daily—Pure white, very free bloomer.

PRAIRIE OR CLIMBING ROSES.

These are entirely hardy, and are valuable for covering colums, training on walls, fences or any unsightly objects, may be used as a support for their bright green foliage and masses of flowers.

Prairie Queen—Dark pink cluster, sometimes with white stripes.
Baltimore Belle—Pale blush, becoming nearly white, very double. See cut.
Mycrophilla—Pinkish red
Mrs. Hovey—Pale blush, becoming almost white large clusters.

Pride of Washington—Brilliant amaranth, shaded rose center, large cluster, very double, fine.
NOISETTE ROSES.

These are tender like the Tea and China Roses, some varieties equally fragrant and distinguished from being more climbing than their habits, and blooming in clusters.

Celine Fourrier—Pale yellow, deeper towards the center, free bloomer, extra fine.

Caroline de Mauny—White, with blush shading.

Phoebus—Beautiful buff, a good southern rose.

James de Rothschild—Not quite hardy, its rapid growth and free blooming habits will make it desirable. It will most likely prove hardy in situations south of Baltimore. The bud is a rich dark crimson, getting somewhat lighter when in full bloom; it has a tea fragrance.

Reine de Hesse, or Climbing Safrano—This is a sport from the old Safrano tea bud, very similar and consequently very desirable, color dark buff, should be protected.

La Pactole—Pale sulphur yellow, large and full, tea scented, fine buds.

Marechal Niel—Deep yellow, large, full and globular in form, very sweet. See cut on page 7.

Sophie—Fine clear sulphur yellow, fine bud, full and sweet, good grower and free bloomer.

Reine des Massifs—A low, bushy grower and profuse bloomer, flower medium, full and sweet, color buffy.

Cloth of Gold—Deep yellow, very sweet, large and beautiful.

Madame Caroline Kuster—Pale orange yellow, free bloomer, large and showy.

Beauty of Greenmount—Dark rosy red, changing to deep crimson, profuse bloomer.

America—Large fine flower, creamy yellow, changing to consery yellow, suitable for trellis or pillar.

White Cluster—Pure white, blooms in immense clusters, strong grower, very desirable.

Count Bobrinskio—Deep crimson scarlet.

Champney—White with pink shade, an old and free blooming rose.

Sir Walter Scott—Purpleish red, free bloomer.

La Marque—Sulphur yellow, beautiful, very large and full.

Lady Warrender—Pure white, a beautiful and very desirable variety, fine form and habit, fragrant.

Glorie de Rosamond—Rich, very crimson, brightening with scarlet, very showy.

For price of roses in General List see page 5.

CHINA ROSES.

These require protection, like the Tea Roses. Although there are some varieties which bear the Winter unprotected, are especially adapted for masses, on account of their gorgeous colors and constant blooming.

Louis Philippe—Dark crimson, with blush center, large and double.

Agrippina—Beautiful fiery red, an old and much esteemed variety.

Devugla—Deep blood red, very bright and distinct.

Annacetta—White and blush tinge, fragrant and free bloomer.

Queen of France—Bright crimson, free bloomer.

Enfant de Beauharnais—Pinkish crimson, free.

New and Scarce Roses.

We offer the following list of choice, new and scarce roses, having selected them with a view to their distinct character and merit, some are not entirely new, but still are scarce. The price is yellow compared with original cost. The selections have been made both in this country and in Europe, and are very desirable as far as we have been able to judge.

NEW MONTHLY ROSES.

Perle des Jardins—Not entirely new, but still very scarce; clear lemon yellow, deepening toward the center; buds unsurpassed; there is probably more of this variety grown at present than any other for Winter flowers; 25 cts.
NEW MONTHLY ROSES—Continued.

Rosa Polyantha—New, Mademoiselle Anne Marie de Montrave. We received this elegant new rose from Mr. Jean Sisley, Lyons, France. The plant which is dwarf, being about 1½ feet high; is vigorous, and what is remarkable some of the trusses rise about 1 foot above the foliage. The flowers are pure white and last very long in perfection; about 1½ inches in diameter, and very double. Each truss will make in itself a splendid bouquet; price 30 cts. See cut.

Duchess of Edinburgh—This elegant new tea rose is still very scarce and in very great demand, flowers are large and elegantly formed, color, brilliant vermilion, shaded with rich, velvety maroon; price 25c.

Etoile de Lyon—A new and elegant Tea Rose, of vigorous habit, with charming bud as well as open flowers; unusually large and perfect; price, 35 cts.

Catharine Mermet—This is a very beautiful and valuable variety: color clear shining pink, with delicately shaded amber and lawn center; noted for its lovely buds, and very sweet, large globular flowers; price 25 cts. See cut, page 10.

Perle—Beautiful pale blush, bordering on white tinted and shaded blush, medium size and perfect form, deliciously fragrant, free bloomer; 30 cts.

NEW TEA ROSE, SUNSET.

This new Tea Rose originated with Mr. Henderson, and is a sport from Perle des Jardins, which it represents except in color. Instead of being a canary yellow, as in that variety, is of the rich shade of saffron and orange, similar but deeper than Saffron; price 40 cts.

The above set of 13 choice new and scarce monthlies including 2 premium roses for $3 75 post paid.
NEW AND SCARCE HYBRID ROSES.

Countess of Oxford—Carmine, shaded violet, velvety, flowers large, full cupped, a very fine rose: 25 cts.

Empress of India—Distinct fine form, large, double and full, very fragrant, color dark violet crimson, finely shaded; price, 30 cts.

Paul Neyron—Immense flowers, probably the largest rose grown, and one of the finest, bright shining rank, very clear and beautiful, very double and full, and somewhat fragrant, blooms the first season and all summer; price, 35 cts.

Mad. Chirard—Not entirely new but a very fine rose of its class, clear, beautiful pink, large, full and globular, distinct and beautiful; price, 30 cts.

Countess of Oxford—Carmine shaded violet, flowers large, full cupped a very elegant rose; 35 cts.

Magna Charta—A fine New English rose, large, full form, very double and sweet, color clear, rosy pink, beautifully flushed with violet crimson; 35 cts.

Santoine Mouton—This splendid rose always gives satisfaction, the plant is vigorous and hardy, an easy and free bloomer, the flowers of extraordinary size and fullness, very sweet; color bright glossy pink, reverse of petals silvery rose; price 35 cts.

Duc de Cazes—This elegant rose is now recognized as one of the finest of the dark Hybrids; is a dark velvety maroon, medium size, full beautiful form and very fragrant; 30 cts.

SPECIAL OFFER—The above eight fine hardy new roses with the two premium roses for $2.25. The above 8 new Hybrids and 13 new monthlies and our four premiums and six roses from general list for $7.00. It will be observed that this offer includes the magnificent new rose Sunset.
The wonderful improvement in varieties of this favorite Autumn flower, both as to marking, shades of color and size, has been one of the marvels of the age. The late Chrysanthemum exhibitions of New York and Philadelphia have attracted so much attention that the cultivation of this grand Fall flower has received a new impetus, and every lover of flowers is looking toward excelling in their cultivation. Below will be found a list of the latest novelties in that line. The descriptions, however, give but a faint idea of the reality. To be fully appreciated they must be seen. For General List see page 15.

**NEW CHRYSANTHEMUMS—Semi-Double.**

*America*—An immense flower, nearly 8 inches across, opening blush and maturing pure white, early; 25c.

*James V. Markland*—Petals purest snowy white, very long, much reflected on the outer edges, inner petals arranged in irregular shapes, reminding one of the most beautiful ostrich plumes, superb; 25c.

*Mrs. C. L. Allen*—Bold flowers, deep rose, with pure white ring around yellow disc, fine, distinct; 25 cts.

*Peter Henderson*—Very fine flowers, 4½ inches in diameter, pure lemon yellow, first rate; 25 cts.

*President Arthur*—Outer rays most intense crimson, bright golden yellow ring around disc, very fine; 25 cts.

*W. Falconer*—Flowers immense, of a deep red pink, of the brilliant soft red effect as seen in the rose Bon silene; a very fine variety and later; 25 cts.

**NEW DOUBLE CHRYSANTHEMUMS.**

*Annie Thorpe*—Opening blush at first, rather flat afterwards forming a complete round snowy white ball; all that can be desired; 25 cts.

*Mrs. N. Hallock*—Of Chinese type, very large and snow white; 25 cts.

*Pocahontas*—Very large pure white, with a golden center; 25 cts.

*Bonnie Rose*—Deep rose on upper surface; under surface bright silvery pink, round and compact; 25 cts.

*Julius Scharff*—One of the first opening, very large and smooth, of the richest violet amaranth, lasting a long time; 25 cts.

*Mrs. W. Barr*—Rich silvery pink of the purest shade, forming large, loose globular flowers 25 cts.

The six fine new double varieties for $1.25.

The 12 new varieties for $2.00, post paid.

**PARIS DAISY.**

*Paris Daisy*—This is the attraction of the Paris market, the flowers of which are so fashionable during the winter, it makes an elegant and attractive window plant the flowers form a white ray of petals with a yellow disc; 20 cts. each, $2 per doz.

*Golden Paris Daisy, "Étoil de Or"—Similar to the above in habit of growth, foliage, etc., but the flowers are of the purest golden yellow, making a beautiful contrast with the white. Both varieties are greatly in favor for Winter cutting; price 20 cts., $2 per doz.

**EVENING GLORY OR MOON FLOWER.**

*Evening Glory or Moon Flower*—This elegant novelty has been lately introduced and has given universal satisfaction. As a clumper of rapid growth to cover arbors, verandas, old trees, fences, etc., it has no superior. The flowers are pure white, five inches in diameter moon-like, and as they expand in the evening, have a striking effect; 20 cts. each, $2 per dozen.

**AMARYLLIS TREATEA.**

(One-half of natural size.)

The elegant fairy lily that everybody should have, stems about a foot high, flowers large, pure white and sweet scented; bulbs do not grow very large; one of the most desirable of the Amaryllis family. It is so easily grown that no one need fail, and so cheap that it is within the reach of all, is reckoned hardy South of Washington. In the Northern states bulbs should be lifted in October and stored in the cellar over Winter, or they make an elegant pot plant for winter decoration. Plant three or four bulbs in a six-inch pot and place in the cellar for two or three weeks, and then bring to the light and heat.

Price as follows for fine flowering bulbs:
1 bulb to one address, 15c | 6 bulbs to one address $60
2 25c 12 1 10
3 35c 25 2 00
4 50c 50 4 10
5 75c 75 5 10

Would make a nice present to distant friends to whom we would gladly mail them on receipt of price.

**HELIOTROPE—"Purple and Gold."**

New style foliage, golden yellow, flowers large, purple; 25 cts.
CYPREPEDIUM INSIGNE.

(Cyperpeidium or Slipper Flower.—A terrestrial orchid of easy growth; the flowers are green, red and orange; 20 cents each.  $2.75 per dozen.

NEW DWARF DAHLIAS.

So remarkable has been the demand for these new and novel Dahlias that we again offer the entire list at reduced prices, now within the reach of all.

This is a new class of plants, seldom growing to more than two feet in height, plants compact and covering themselves with the most elegant and perfect flowers, with the most delicate tints and markings. The following list is our late importation from France, and the recent bloom justify all that is claimed for them; 20 cents each, $2 for the set of 12, by mail post-paid.

Arlequin—Dark yellow, striped and spotted dark red, very fine, medium size.

Zweig Princess—Maroon, shaded dark maroon, excellent dwarf.

Little Nellie—Pink, yellow and maroon blended, medium.

Coquette de Degnolet—Dark purple, tipped white, large and fine.

Mad. Julies Houdart—Tinted light pink, striped and spotted maroon, medium.

M. Clement Sauvage—Crimson, tipped white, one of the finest in existence, large flower.

Deutsche Neuheit—Dark salmon, striped and spotted red.

Grussan Eisleben—Light purple, beautifully quilled, very small.

Vulcan—Very large, brilliant crimson.

Triumph Wiolet—Crimson, finely quilled, medium.

Weisse Zwergkonigen—Dark orange, tipped pink, quilled and elegant dwarf.

Tom—Dazzling crimson, very perfect, large.

NEW HIBISCUS.

Versicolor—A variety combining in its flowers all the whole family, being handsomely striped, crimson, buff, rose and white. The flowers average from three to four inches in diameter, and are borne just as freely as in the common varieties; 40 cts.

ROSE BRIDAL WREATH.

Rose Bridal Wreath, (or Christmas Rose)—A peculiar and interesting plant, somewhat related to the Blackberry family; flowers very double and somewhat white, blooming in large clusters, quite hardy; 20 cts each.

CLEMATIS COCCINEA.

An entirely new and very beautiful distinct species with very bright scarlet flowers, perfectly hardy, vigorous grower, yet not coarse, unsurpassed for nice, neat vordans work, this must become extremely popular. See cut. 50 cents each.

NEW AND SCARCE GERANIUMS.

The following list will, we are quite sure, repay any one for a trial, the wonderful improvement in size of flower and truss, as well as in the wide range of color assumed makes all the difference between the new and old varieties.

NEW AND SCARCE SINGLE GERANIUMS.

Wm. Harris—White pink and red, beautifully blended truss, very large; 20 cts.

Auden-Pasquier—A beautiful shade of crimson, lower petals bright maroon red, very fine; 20 cts.

Balasair—Pinkish salmon, blunted light florists, very large and truss immense; 20 cts.

Remarable—A purplish crimson, bordering on light blue, very rare price 50 cts. The above four new geraniums for $1 00, post paid.

NEW DOUBLE GERANIUMS.

Pride of Paris—A beautiful shade of clear pink, semi-double, fine truss and free bloomer; 25 cts.

Victor Hugo—A shade of purplish orange, very remarkable color, truss large and double; 35 cts.

Mad. Amelia Baltet—One of the finest of the double whites, plant robust and vigorous, truss large and each flower very double, opening pure white, changing to slight pink; 25 cents each.

Mary—A new French variety, white blended and interfaced with pink, double and fine; 25 cts.

The four new double geraniums for $1 00 post paid. The above eight for $1 75 post paid.

AZALEA INDICA.

A tender shrub valued for their wonderful blooming qualities and diversified color. They bloom most in the spring months, covering themselves with their clear, fairy-like flowers; price 50 cents each.

Eulalie Van Geert—Large, blush spotted, pink variegated.

Columbia—White striped violet.

Magnifica—Large, fine form.

Ne Plus Ultra—Orange.

Heinrich Siesmeyer—Bright orange scarlet, beautiful form.

Double Purple—Light purple.

Variegated—Bright salmon pink, white margin.

NEW CARNATION PINKS.

Lydia—Rosy, orange striped and variegated carmine, flowers from 2½ to 3 inches in diameter; 35 cts.

Lady Emma—One of the finest of dark carnations, flowers are of medium size, never bursting down the sides, full and double, color an exceedingly rich scarlet and very free flowering; 20 cents each.

La Excellent—Beautiful white ground elegantly variegated carmine, double and fragrant; 20 cts.

The above set of 45 new and scarce plants with our four premiums thrown in for $6 00.
General List of Plants.

**ARUBITOLON**—Chinese Bell Flower.

Plants of strong growth and easy culture; free flowering, desirable for outdoor planting as well as for Window or greenhouse ornament; 18 cents each, $1.75 per dozen.

**Gloriosa**—Soft downy leaves; flowers a bright crimson, an unusual color.

**Mesopotamicum**—Creeping habit, flowers pendant and somewhat Fuchsia-like. See cut.

**Spathulata**—Leaves tinted crimson and green.

**Versicolor**—Leaves tinted light rose to deep crimson.

**ACHYRANTHUS.**

Bright leaved plants, used largely in ribbon gardening and massing, for which they are admirably adapted for their easy culture, standing the hottest Summer weather and keeping their brilliant hues intact until destroyed by frost 15 cents each, $1.00 per dozen.

**Aurea**—Glossy green, leafy.

**Lindeni**—Glossy, dark green, with red leaf stems.

**Lindenii**—Dark blood red, changing to crimson leaves lanceolate.

**Verschaffeltii**—Leaves dark carmine, stems a darker shade.

**Accuminatii**—Large purple heart-shaped leaves.

**Gilsoni**—Leaves carmine, stems a rich shade of pink.

**ALOSIA CITRORODA**—Lemon Verbena.

A well-known shrub, indispensable for the delightful fragrance of its leaves in the construction of bouquets, etc.; 15 cents each.

**BEGONIAS**—Large Leaved.

Not suitable for bedding out, but very attractive for piazza or window decoration; price 20 cts.

**Madame Alvert**—Edging and center dark green, with bright satin stripe running through the intermediate space. Flowers white and waxy. See cut.

**Purpurea**—Reddish purple.

**Philadelphus**—Leaves from 6 to 8 inches in diameter, green, edges dark, spotted.

**Queen of Hanover**—Clearly marked with dark and light green, under side of leaf purple, flowers white.

**Rex**—Fine robust growth, immense leaves.

**Duchess of Bedford**—Metallic green, spotted and bordered with light satin.

**UPTIGHT OR FLOWERING BEGONIAS.**

Price 18 cents each, except where noted.

**Weltioniensis**—This is, without doubt, the best flowering begonia out. Flowers bright pink, blooming continually.

**Coral**—Having a bright coral cast; constant bloomer.

**Hybrida Multiflora**—Has a profusion of gracefully drooping racemes of pink bloom.

**Fuchoides**—A pure white winter flowering sort.

**Caladium Begonia**—Leaves a glossy green, covered with white spots. See cut.

**Glaucophylla Seandens**—A drooper or creeping species of begonias, panicles of orange colored flowers.

**Sanguina**—Leaves dark metallic green, under side dark red.

**Begonia Smithii**—A very interesting variety, leaves shaped similar to grape leaf, flowers pure white, in the greatest abundance, a very choice new sort.

**Begonia Cococinia**—A free flowering variety, strong habit of growth, beautiful deep green foliage, with brilliant crimson flowers. A magnificent sort; price 25 cts.

**BOUvardias.**

These are the most valuable for winter flowers, owing to their beautiful form and color, the free blooming habit. They also make fine bedding plants; 18 cents each, $1.75 per dozen.

**Leiantha**—Dark dazzling scarlet, fine compact truss, and free bloomer.

**Davidsoni**—Clear beautiful white, somewhat slightly tinted, or a waxy appearance.

**CACTUS.**

A native of the tropical and sub tropical countries. Stems usually flat, sometimes square, usually jointed, they are remarkable for their rich, gorgeous flowers. Easily managed in the window or greenhouse during the winter, and on the veranda or stand in the...
open ground during the Summer. The following varieties are distinct, varied in color and habit.

Brilliant—Dazzling scarlet, flowers six inches in diameter; price 25 cents.

Rosa—Clear pink, a vigorous grower; price, 25 cts.

Night Blooming Cactus—Large white flowers, eight inches in diameter; price, 50 cts.

REMOINTS, OR MONTHLY CARNATION PINKS.

Very desirable for their free blooming qualities during the Winter and early Spring months. Young plants set out in the garden will bloom profusely during the Summer, and if lifted and potted in the Fall, removing a portion of the old tops, will bloom freely during the late Winter and Spring months. The better plan, however, for Winter blooming plants is to keep them pinched back during the Summer, not allowing them to bloom, reserving the whole force of the plant for Winter flowers. Price, 15 cents each, except where noted; six for 60 cents. A set of fifteen varieties, $1.25. For $1.75 will send a choice set of twenty-three varieties, postpaid.

Charles Summer—This is a strong growing, free variety very sweet scented. Color beautiful rosy pink, double and well formed.

Miss Joliffe—A new color, a rich shade of blush, deepening into rose, free bloomer.

Brussels—Large, full, exceedingly double flower, and free flowering quality, color deep cherry red, with occasional broad stripes of deep maroon.

Edwards—Pure white, large flowers. See cut.

La Purite—Carmine, profuse bloomer.

Variegated La Purite—Blush, striped carmine; price, 20 cents each.

Darkness—Very dark crimson.

Star—Crimson scarlet, large and fragrant.

Antonia—Buff, flaked scarlet and white, fine.

Butterfly—Salmon ground, blotched carmine.

President Degraw—Pure white.

Mrs. McKenzie—Light rose, fringed edge.

Louis Lannier—Deep, dark maroon, flowers very perfect and firm.

Peerless—Beautiful white, very large and fragrant, robust habit.

L’Excellent—White, marked carmine.

Lilian—Flowers medium size, white ground, finely variegated with dark maroon.

Queen of Crimson—This is a dark blood crimson, very double, with rich clove fragrance.

Astoria Bertine—Orange yellow, edged and mottled crimson, fine.

Peter Henderson—Very large, pure white flower; will not burst its calyx, and remains fresh and white for a long time. It is of strong habit, and produces its flowers in the greatest profusion; 20 cents each. See cut.

Snowden—New white, of dwarf habit, producing flowers of the most perfect form, and pure white, in wonderful profusion.

Eureka—Novel Carnation, very neat and compact, color creamy white, petals delicately edged and striped pink; 25 cents each.

CUT FLOWERS OF CARNATION PINKS

To those who desire a few cut flowers for a sick friend, or to enliven and beautify home, or for the purpose of examining the choice varieties in our collection, we will send by mail, postpaid, to any point, where they will not be over three or four days on the way, twenty-five for 60 cents: fifty for $1; 100 for $2.

HARDY FLORISTS’ PINKS.

These are perfectly hardy; will stand from year to year, and will reward the cultivator with brilliant and fragrant bloom, various shades of maroon, carmine and rose, elegantly blended and variegated with white; price, 12 cents each, set of five for 50 cts.

Bruton.

Laura Wilmore—White, edge carmine.

Juliet.

Alfred Harrington—Carmine and rose, laced with white.

White Fringe—Snow white, beautifully fringed.

Esther.

CAMELIA JAPONICA.

A tender semi-tropical evergreen shrub, flowers from two to three inches in diameter, of the most perfect form. The best soil for Camellia is one-half woods earth and the other half good rich loam, with a liberal addition of sharp sand. Keep in pots in a low moist atmosphere. Set in pots out in a shaded situation during the Summer. We can send nice plants of the following varieties by mail for 50 cents each, or the set of five for $2.25, postpaid. Large plants of these varieties for from $2 to $10 each.

Alba Plena—Double white, one of the best sorts.

Sarah Frost—Rosy crimson, an elegant variety.

Wilderi—Royal pink, fine form.

Imbricata—Deep rose, occasionally spotted.

Ala—Violet crimson, fine.
CRERODENDRON BALFOURII.
A stove climber of great beauty; the flowers, which are of bright scarlet, are encased with a bag-like calyx of pure white trusses or panicles of flowers; are upwards of six inches in width. Although a climber may be grown as an ordinary specimen plant in pot, it being capable of being trained in any way; 20 cts.

COLEUS Selected Varieties.
The most popular decorative foliage plants now in use; the wide range of color assumed gives a fine contrast. Price 10 cents each. Set of 15 for $1.00, post paid; $1 per 100 by express.

Her Majesty—Red center, greenish gold margin.
Excellent—Notted edge, green, mottled with dark maroon, best dark.
Satinata—Pale green, deeply cut leaves, spotted brown.
Pictus—Its bold and deeply laciniate foliage is curiously streaked with rich brown, on a bright green or yellow ground.
Kentish Fire—Pinkish crimson center, with edging of deep green, belted with chocolate.
Miss Reifs Kirkpatrick—Large white center, shaded with yellow; broad green lobed margin.
Beacon—Blackish purple, with brown and bright crimson mottles and veins, large broad foliage.
Napoleon—Velvety, blood crimson, vigorous.
Magnificent—Very dark maroon, slightly edged with green.
Mckenzie—Yellowish green ground, netted dark maroon.
Verschaffelt—Velvety scarlet, fine for massing.
Royalty—Center blotched and veined with violet carmine, surrounded with chocolate.
Illuminator—Yellow, flamed and veined with crimson, bright green margin.
Tassela—Evenly marked with green and pale yellow.
Red Cloud—Rich crimson, evenly marmorated with blackish brown, narrow green margin.
Judy—Pale green and white, mottled green margin.
Innisfallen—A fine bedding variety, rich plum color blotched with garnet.
Fairy Knell—Carmine rose, rimmed with velvety maroon.
Joseph’s Coat—A gorgeous blending of maroon, yellow, rose, olive and crimson.
Rugby—An elegant new sort, center creamy yellow banded green, the green rimmed with crimson, veins and stalks also crimson.
Midnight—Dark maroon, flamed with crimson, a robust grower.

CHRYSANTHEMUMS.
This favorite Autumn flower, since the addition of so many choice varieties, has become still more popular. The Dwarf or Pompon sort are sufficient themselves to form a choice bouquet. Such is the variety of forms and colors embraced by them.

Large Flowering or Chinese.
15 cents each, $1.25 per dozen; our selection $1 per dozen.
Alba Perfecta—Very choice white, blended maroon.
Aurora—Deep orange, very double, choice.
Venus—Choice new white flower, medium size and very double.
Golden Dragon—Dark yellow, with long, protruding petals, choice novelty. (From Japan.)
Valle de Marseilles—Dark red and yellow, mixed with curious long petals, showy. (From Japan.)
Mrs. Geo. Rundle—The most beautiful white Chrysanthemum in cultivation, fine for cut flowers.
Pompons, or Dwarf Chrysanthemums. 15 cents each; $1.25 per dozen.

CALADIUM.
Caladium Colosoca Esculentum—When of full size stands four feet high with immense leaves, sometimes 3 feet long and ½ wide; color light green, waved and interlaced with darker green, requires a wet situation; 20 cents, 52 per dozen. See cut.

CLEMATIS.
These are a very desirable class of hardy climbers. The effect produced by a well grown plant is very striking. The flowers are rich in coloring, and produced in large quantities will stand our harshest winters.

Flamula—Flowers pure white and very fragrant; foliage clear glossy green. Fine for verandas or covering fences, etc.; 25 cents each.

Gei—Large white flowers, vigorous grower; 25 cents.

Dwarf English Clematis—This is regarded as one of the few and finest of the dwarf varieties, yellos, a height of from three to four feet, flowers a pale lilac, striped or blended with a darker shade, almost a constant bloomer, making a grand display in the Spring, and occasionally flowers through the Summer, and then a fine show again in the Fall; entirely hardy; 30 cents.

Blue Bells—Flowers medium size, of a deep indigo blue, in great abundance; $1 each.
CLEMATIS—Continued.

Sophia—Flowers 3 to 4 inches in diameter, creamy white, beautifully blended with light purple; 75c.
Clematis Virginiana—A rapid grower, very fine for covering unsightly objects, very fine white flowers, mist-like and curious, cotton-like seed vessels; 25 cts.
Jackmani—Large, rich violet purple, very choice; 75 cts. The set of 7 for $2.50, postpaid.
Clematis Coccinea—New. See novelties.

Canna Indica.

Plants used largely in sub-tropical gardening, for the fine and grand effect which their rich and beautiful leaves produce. Looking over a collection of them one could almost imagine themselves in the midst of the wonderful growth of tropics. Our seasons here are sufficiently long for it, and most varieties bloom and bear seed. The roots can be kept in a dry cellar during the Winter. There has been in the past few years so much improvement in size and color of the flowers that they have become a class of plants much sought after; 20 cts each, $2.50 per dozen. See cut.
Deputy Henon—Leaves glaucous green; flowers lemon and buff.
Ne Plus Ultra—Flowers dark scarlet, foliage bronzy purple.
Indica Rubra—Dark red stems, leaves dark green, veined scarlet, flowers red.
Princess de Nice—Tall, green leaves, golden yellow flowers.
Robusta—The largest and best Canna grown, leaf beautifully variegated, green and brown, strong bulbs; price, 25 cents each.

Calla Ethio匹ca.

Price, 18 cents, $2 per dozen.
White Ethiopian lily, a splendid plant, delightful in a wet situation, flowers from 3 to 4 inches in diameter, deliciously fragrant, pure white.

Cinnamon Vine.

Price, 25 cents each.
Hardy vine from India, hardy growth, and producing spikes of fine white bloom, with distinct cinnamon fragrance, small tubers.

Crape Myrtle.

A tender shrub, a native of the South, where it is entirely hardy. North it may be grown in pots or planted in the open ground during the Summer, and lifted in the Fall, and kept in a dry cellar in Winter. The flowers are beautifully frilled and have feathery appearance 25 cts each, $2.75 per dozen.
Alba—White, with blush.

Dahlias—Large or Standard Varieties.

Of this attractive flower we have a carefully selected list of the best in the market, and we offer them with full confidence that they will give satisfaction.
The best time for planting is from May 1st to June 1st. The roots can be preserved during Winter in dry sand free from frost, damp or fire heat; 15 cents each, a set of twenty-five varieties $3.50, postpaid. Ready April 1.
Mugusta—Dark buff, blended with maroon, petals folding clear back to the stem.
Charmer—Pinkish white.
Lida—Dark pink and light blended, finely quilled.
Matchless—Light purple, variegated red.
Copperhead—Cream white, edged with pink.
Bazaine—Cream white.
Triumph de Peck—Light purple.
Crimson Monarch—Dark crimson.
Dr. Stein—Dark maroon.
Vesta—Pure white and very perfect.
Viola—Rose, shaded lilac.
Grafasia—Light pink, variegated and blushed maroon.
Criterian—Clear, light purple.
Black Knight—Dark crimson, almost black.
Madame Zaylor—Straw color, finely blended with light.
Arabella—Yellow, shaded lilac.
Oriental—Dark crimson.
Prosperous—Blush, purple margin.
Cecile Noisette—Dark red, variegated and blotched maroon.
Col. Sherman—Light scarlet, a good grower.
Mrs. Thompson—Pinkish buff, variegated maroon.
Argus—Dark pink, medium size.
Liliputian, or Bouquet Dahlias.

15 cents each; set of 14, $2.
The term "Liliputian" applies to the flowers, not the plants. They are distinguished by a profusion of elegant miniature flowers, remarkable for their symmetry of form and beauty of color.
Coronet—Light buff blended with light purple.
Desband—Red and white blotched.
Drop de Or—Clear canary yellow, choice.
Fabian—Maroon, blended pink, medium size.
Giovina—Dark violet, very perfect.
Thalia—Canary yellow, very perfect.
Heinrich Laube.
Little Agnes—Scarlet, tipped with white.
Little Charles—Pale salmon.
Metropolitan Queen—Dark salmon, very showy.
DAHLIAS—Continued.

Rachael—Yellow, edges of petals blended.
Morganstein—Light carmine.
George—Large, light purple.
John Pfen—Dark purple, very perfect.
Mme. Louvier—Pure white, spotted maroon.

CHOICE FUCHSIAS.

The Fuchsia, or Lady's Ear cuddles, constitutes certainly one of the most graceful tribe of plants. They all require a shady situation during the summer months, and must not become pot bound before flowering. The best soil is a rich sandy loam of equal parts of loam, sand and manure, thoroughly decomposed.

Double Corolla Varieties—Price, 15 cents each, except where noted; $1.50 per dozen.

Purpurea—Scarlet sepals, purple corolla, changing to maroon.

Morgansiein—Maroon.

Enchantress—Fine, large, double white corolla; 25 cts.

Weeping Beauty.

Weeping Beauty—Perhaps of all the Fuchsias introduced in a number of years Weeping Beauty has no superior, if it has an equal, in the immense size of flowers, produced in such wonderful profusion. ( Frequently two inches in diameter) the clear, beautiful purple of the corolla in contrast with the brilliant waxy red of the sepals and tube alone: with this, vigorous growth and a beautiful dark green, golden foliage. Every one should have it; price, 25 cts.

Bismarck—Dark red sepals, large, full, dark purple corolla, double.

Doll—Sepals, purple corolla, large and fine, free bloomer.

Eln City—Crimson sepals, dark purple corolla, large and fine, free bloomer.

Markman—Extra large, dark purple corolla, crimson sepals.

Golden Fleece—Scarlet sepals, corolla dark purple, large size, bright golden foliage.

Mrs. Cannei—Fine, double, light corolla, with well reflected scarlet sepals.

Blue de Nanking—Slight doubles, white-double corolla, sepals bright crimson, very free flowering, one of the best, new.

Prince Napoleon—Corolla purple, sepals waxy crimson.

Snow Cloud—Corolla white, sepals rose salmon; 25 cts.

Single Corolla Fuchsias.

Price, 15 cents each except where noted; $1.50 dozen.

Reine Blanche—White sepals, salmon rose corolla.

Arabella—Corolla very dark pink, sepals white. The style of growth is quite unusual, being inclined to pyramid form, a fine bloomer.

Wave of Life—Compact purple corolla, blended with deep pink sepals, curled well back, golden foliage; 25 cts.

Prolific—Shaded pink corolla, white sepals, free bloomer.

Persian—Scarlet sepals, white corolla, free bloomer.

Prince Imperial—Scarlet sepals, light purple corolla, plant of dwarf habit, an unusual free bloomer.

Lustre—White sepals, scarlet corolla, brilliant variety.

Speciosa—Sepals light pink, corolla dark, long tube, blooming in clusters.

Princess Mathilda—Pure white.

Luben Cadot—Light and very fine.

Beauty of Sherwood—White, pink and purple corolla, fine bloomer.

Brilliant—White sepals, bright crimson corolla, very showy and fine.

Empire—Light pink sepals, broad, compact, white corolla, of great substance.

Rose of Castile—White sepals, blended with pink, shaded purple corolla.

Idem—Petals and sepals of one color, a dark rich pink, very valuable for Winter flowering.

Day Dream—Corolla maroon, sepals crimson.

Minstrel—Plant of drooping habit, flowers bright red sepals, dark pure corolla, fine for window decoration.

Meteor—Bronze leaves, very ornamental.

Charming—Corolla deep violet, sepals scarlet.

Coccinia Superba—A new Fuchsia of rare excellence, small flowers, both corolla and sepals rich crimson.

DRESCEIA TRICOLOR.

A splendid variety of this much desired plant, leaves purplish red, flowers to clear, bright pink; fine for vases, basket or rock work; 50 cents.

DAPHNE ODORATA.

An old greenhouse plant, always scarce. It is evergreen, growing three feet high, bearing clusters of small pinkish-white flowers, exquisitely fragrant; 50c.

ESCHEVERIA.

Grandiflora—A neat, compact variety, flowers stalks about one foot in height, flowers waxy red and yellow; 20 cts.

FEBRIANA EMBROCATA.

A little evergreen of rare interest; flowers a pure waxy white; 15 cents.

GERANIUMS.

We offer here a carefully revised list of the numerous sorts in cultivation. As a rule, the scarlet varieties will stand our hot Summers better than the white, pink and salmon colors. The difficulty can in a measure be obviated by planting the latter in a partially shaded situation.

To grow Geraniums, or in fact any other plant, it is essential to their success to have a good fresh loamy soil. Every cultivator should have a compact heap made up of sods and well rotted cow manure with which to renew the beds. Price, 15 cents each, except where noted. $1.50 per dozen. A set of 20 varieties, including 5 choice doubles, by mail, postpaid, for $2.50.
SINGLE GERANIUMS

Bicolor—This is one of the finest of its class. Flowers salmon, with broad white margin; Zonal foliage; 20 cents each. See cut.

General Grant—Dazzling scarlet enormous trusses, still the best bedding Geranium.

Hustler’s Victory—Light scarlet; S. Shimer.

Waltham Cross—Fine deep pink.

White Tom Thumb—Dwarf white.

Etender des Nosey—Deep blooded red, shaded darker.

Lobelia Violet—Crimson scarlet; very fine, Zonal.

Harry King—Intense brilliant scarlet, immense truss, large white eye, one of the best, new Zonal; 20 cents.

New Leaf—Vivid scarlet, irregular but slightly striped with salmon and white, like a Carnation, free flowering; 25 cents.

Master Christine—Rich pink.

Prince of Wales—Immensely truss of orange salmon, very attractive; 25 cents.

Urania—Royal violet, large truss, pretty shade.

British Flag.

Christine McFarland—Deep scarlet, very large, white eye.

Mons. Graham—Scarlet salmon, vigorous.

Jean Sisley—Finest scarlet.

William McKesson—Dark crimson, shaded pink.

Rey Blas—Light scarlet, white eye.

Crown Prince—Foliage marked with deep zone flowers; bright crimson.

Rev. Mr. Atkinson—Dark crimson truss of immense size, an elegant new sort.

DOUBLE FLOWERED GERANIUMS

The great improvement in this section as to diversified color, fine form and free blooming habit, has brought them into general favor. Our list embraces the finest late acquisitions; price, 15 cents, except where noted; $1 25 per dozen.

Marie Lemoine—Light pink, large truss, fine.

Gloria de Nancy—Pinkish scarlet, good bloomer.

Glorie de Double—Fine cherry, white center.

Victor Lemoine—Large and very double, bright red, one of the best.

Asa Gray—Quite a new color in Geraniums, a distinct shade of salmon pink, is a profuse bloomer as the single sort.

J. C. Rodbard—Crimson, blended maroon, free bloomer.

Emily Layton—Intense vivid scarlet, velvety, large and double.

Deputy Varrey—Carmine, upper petals spotted white; 25 cents each.

Madame Thibaut—Very dark pink, fine double flowes.

Madame Bruant—Rosy salmon, fine.

La Pere Sechi—Orange salmon, very brilliant, free.

Gloria de Fruith—Crimson, immense truss.

Able-Triomphe—Double dark crimson, free bloomer, large and fine.

Aline Sisley—The best of the double whites, although only half double. It is regarded as a valuable acquisition.

Crown Prince—Deep rose carmine, large and full, dwarf and free; 25 cents.

Tri de Larmor—Crimson scarlet, very fine.

Jewel—Dazzling vermilion, unusually fine.

Deputy Leafblaze—Crimson scarlet, very large pip and truss.

Diego Poda—Bright pink, very fine and attractive.

Mons. Buchler—Bright mahogany color, novel and fine.

Bishop Wood—We still retain these among the choice geraniums, scarlet and carmine blended, a peculiar and elegant variety; 25 cents each.

Conrad Kirchner—Brilliant scarlet, white center.

Bijou—Semi-double, clear crimson, large truss, very fine.

GERANIUM IVY-LEAVED.

Although the foliage of this beautiful section is of sufficient interest to warrant its cultivation, yet the value is greatly enhanced by the beauty and profusion of its flowers. They are well adapted for rock work or vases, and for dropping over baskets or training on trellises, are unsurpassed.

Remarkable—A large flowering variety, after the style of the Ivy-leaved section, rose and white with an upright habit; 15 cents each.

Holly Wreath—Distinct, robust, trailing habit, broad, creamy white, margin merging to yellow, flowers rosy pink; 25 cents each.

Felicity—White, shaded like.

Lateripe—The old, Ivy-leaved, white and pink flowers; 15 cents.

La France—This is not properly a climber, but rather a dwarf species of the Ivy-leaved section, color a beautiful clear pink, remarkable for its large florets, single flowering and very striking; 20 cents each.

FANCY-LEAVED GERANIUMS.

Price, 25 cents, except where noted; $2 50 per dozen.

M. of Snow—Leaves white and green, scarlet flowers.

Cloth of Gold—Yellow leaf, with small green disc.

Beauty of Caulderdale—Greenish yellow, with broad chestnut red zone, foliage large and bold, a good grower, novel flowers.

Happy Thought.

Happy Thought—An entirely new style of leaf varigation in Geraniums differing from the ordinary form in having a large yellow blotch in center of leaf with an outer band of green at the margin, flowers rich magenta rose, dwarf a good bedder, novel and interesting; 25 cents each.

Black Prince—Beautiful dark zone, scarlet flowers.

S. Earsa—Chocolate zone, yellow edges.

Flower of the Day—Leaves white variegated, scarlet marbled flowers.

Snow Flake—Beautiful variegated, white and green.
GERANIUMS—Continued.

Argus—Dark green ground, tipped with cream white, with heavy bronze zone, changling to pink, very free grower, a valuable acquisition.

SCENTED-LEAF GERANIUMS.

Price. 15 cents each, $150 per doz., except where noted.

Skeleton Leaf—Deep cut leaves, very peculiar and interesting, fragrance good.

Rose—Large leaf, rose scented leaves, much valued for decoration.

Shrubland Pet—Dwarf, sweet scented flowers.

Pennyroyal—Sweet pennyroyal fragrance, very desirable.

GERANIUM CUTTINGS.

As Geranium Cuttings are very easily rooted in boxes or pots of sand well packed, and kept moderately moist and warm, we have concluded to offer Cuttings of our fine collection in mixed lots, Double and Single, not named, but different, ready trimmed at 25 cents per dozen, post paid; 50 for 85 cents. Try them. Also Coleus Cuttings at the same price.

GLADIOLUS.

The wonderful increase in variety and color in Gladiolus has attracted much attention of late, and this is not to be wondered at when we consider the remarkable blending of color, from the deepest crimson to pure white, with all the intermediate colors blended and variegated in every conceivable form. We know of no plant, when massed in beds, that gives such varied and dazzling brilliancy. Below we offer a carefully selected list of some of the best and most distinct sorts, along with the Sunnyside unrivalled mixtures and seedlings.

Antonius—Fine spikes, cherry colored, tinged with orange and banded carmine; 10 cents each.

Apollon—Rosy lilac, large, light rose blotch, finely striped white; 15 cents.

Bijou—Lilac, shaded lavender and white; 20 cents.

Brenchleyensis—Rich dark scarlet, very brilliant; 10 cents.

Condi—Light orange red, white blotched, feathered carmine; 20 cents.

Celine—Rosy white ground, striped or marbled rosy carmine; 20 cents.

Elenard—White, slightly suffused with carmine; 15 cents.

Fulton—Velvety vermilion, blotch bright purple; 15 cents.

Ieda—White ground, slightly tinted with rose, flamed with carmine rose, lower petals light yellow; 25 cents.

Laura—Light orange red, tinged and banded carmine, and pure white blotch; 15 cents.

Lord Byron—Scarlet with white spots; 10 cents.

Meyerbeir—Brilliant nasturium red, banded vermilion; 50 cents.

Napoleon III—Bright scarlet and white; 10 cents.

Onidine—White, tinted lilac, small dark violet blotch, slightly flamed with lilac, carmine on the edges; $1.50.

Princess Alice—Delicate lilac, slightly tinted rose; 10 cents.

Princess of Wales—White, flanked carmine; 10 cents.

Rhuburg—Cherry orange, pure white spots; 15 cents.

The Sunnyside Mixed Gladiolus are Unequaled on this Continent.

Mixed red and the different shades of red: 8 cents each, 50 cents per dozen.

Mixed white and the different shades of white: 10 cents each, 85 cents per dozen.

Mixed pink and variegated: 10 cents each, 75 cents per dozen.

Mixed of all colors: 8 cents each, 50 cents per dozen.

To those desiring to plant largely we can furnish mixed red and pink, and all colors, at 50 cents per 100, for $2.50, by express. Mixed white, 50 for $2.75, 100 for $5, by express. Extra large bulbs of the above mixture, 2 for 25c., 6 for 50c., 1 for $1 per dozen, $6 per 100.

OUR SEEDLING GLADIOLUS. Are marvels of beauty, equaling many of the new and rare novelties, (everyone should try them,) 2 for 25 cents, 12 for $1.50, 50 for $5.75, post paid, 50 for $5, by express.

HOUSE LEEK.

An old, though now very scarce plant, entirely hardy and very much esteemed for rockwork and dry and exposed places, flower stalks from 15 to 20 inches in height, with numerous branches filled with peculiar greenish buds; price, 20 cents.
Hydrangea Paniculata Grandiflora—A fine hardy shrub lately introduced from Japan. It is of bushy and compact growth, attaining a height of several feet; flowers are white and borne in immense pyramidal panicles more than a foot long, remains in bloom a long time. Undoubtedly one of the finest hardy shrubs lately introduced; price 25 cts. See cut.

Hydrangea Imperatrice Eugenie—Rose, shaded with white and blue; 25 cts.

Hydrangea Hortensia—Pure pink, truss of immense size, entirely hardy, requires partial shade; 25 cts.

Thomas Hogg—Another Japan production, flowers pure white, a good strong grower, an excellent variety; price, 25 cts.

HOYA CARNOSA—Wax Plant.

A house climber of great excellence, having thick glossy green leaves, flowers in clusters, white and pink blended, having a clear waxy appearance. Well named the wax plant; price, 25 to 50 cents each; $2.50 per dozen.

HIBISCUS ROSA SINENSIS (CHINESE.)

Hibiscus Sinensis—This is one of the showiest and free flowering of tender shrubs, vigorous habit and almost a constant bloomer, bright glossy foliage, flowers from two to three inches in diameter, brilliant crimson, shaded to deep blood red in center, when in full bloom it gorgeous beyond description, can be bedded out during the Summer and repotted in the Fall, will bloom freely in the window or conservatory during the Winter; price, 30 cts.
HONEYSUCKLE—Continued.

Halliana—A new white monthly Honeysuckle, raised from seed sent from China by Dr. Hall, who intro-
duced the variegated honeysuckle from Japan. It is evergreen, retaining its freshness during the en-
tire winter, flowers pure white, turning to pure yel-
low, with the fragrance of Cape Jessamine, a hardy
vigorous grower, a constant bloomer. We have
grown this honeysuckle the present season in large
quantities, and have put the price so low that all
may avail themselves of it. We say, without hesita-
tion, that this is one of the most valuable of the late
introductions; 20 cts. See cut.
Chinese Evergreen—Fine for covering walls, trellises and
very fragrant, commonly called Woodbine; 20 cts.
Japan Honeysuckle—Foliage finely variegated with yel-
low, flowers yellow and white, very sweet; 20 cts.
American Woodbine—The old-fashioned honeysuckle;
clusters of bright red flowers, strong grower; 20 cts.

HELIOTROPES.

Perhaps the most favorite free flowering and fragrant
tribe of plants in cultivation, equally fine for Summer
bedding or in pots during Winter in the house.
Grand flora—Pale lilac, free bloomer, fragrant; 15 cts.
Southwood’s Superb—A strong growing variety, truss
large and compact, deep lilac, sweet; 15 cts.
Alexiana—Dark blush purple; 15 cts.
Mrs Bunday—Very pale lilac, changing to pure white.
(New.) 20 cents each.
Mrs. Brewster—A seedling raised by the Rev. H. H.
Beadle, of Bridgeton, N. J., a vigorous grower, fine
large truss, bluish lilac, very fragrant; 15 cts.

GERMAN IRIS.

A most beautiful Summer flowering plant that is
just now attracting a great deal of attention, it is es-
pecially valuable on account of its being entirely
hardy, remaining year after year in the same situa-
tion, the color ranging from deep indigo blue to white
with the most delicate tint of gold and rose. We offer
mixed varieties of rare excellence for 15 cents each, 2
for 25c., 6 for 50c., 12 for $1.50. See cut.

LANTANAS.

There are but few continuous blooming plants that
afford such wonderful display and variety of colors as
he Lantana, and its constant blooming habit makes it
indispensable; 15 cents each, $1.50 per dozen, in 12
named varieties.

LILY OF THE VALLEY.

Perfectly hardy, and will remain for many years in
the same situation with little care, preferring a location
partially shaded. We have produced an excellent cut
of this interesting little plant, which will give a good
idea of its appearance. The bells are pure white, deli-
cately hung in graceful spikes. Price, 10 cents each,
$1 per dozen.

JASSAMINE REVOLUTUM.

A yellow flowering Jassamine, growing rapidly to
about the height of ten feet a splendid plant for the
Southern States, it being perfectly hardy South of
Maryland, a fine Summer plant North, and elegant for
Winter in the house; price, 25 cents each.
Jassamine (Catalonian)—Pure white and delightfully
fragrant, good Winter blooming; 15 cts.

LOVE ENTANGLE.

An old and much valued plant, growing on
dry walls and covering exposed and un-
sightly places with a mass of beautiful green,
retaining its bright color throughout the entire Winter, hardy, much valued for cem-
eteries planting; 10 cents each.

MADERA OR MIGNONETTE VINE.

One of the best plants for rapidly covering trellis
work; flowers festively white, with fragrance of mig-
onette; good tubers, 10 cents each, $1 per dozen.

NIGHT BLOOMING JASSAMINE.

Pure green; flowers very fragrant; 20 cts.

OXALIS.

Daff—A Summer flowering variety used extensively
for borders and edgings, for which it is well calcu-
lated on account of its lovely green (with black
zone) leaves, and dark pink flowers; 10 cents per
dozuce, 50 cents per 100.
OLEANDER—Double Pink.

A native of the Southern States; an abundant bloomer; will do well in pots with moist rich soil for Winter, or in the open ground in Summer; 25 cents.

PETUNIAS SINGLE.

Choice strain beautifully striped and blotched with beautiful plain colors; 10c., $1 per doz. Ready April 1.

PLUMBAGO LARPENTAE.

This is a very desirable variety of this class of plants, dark blue, produced in heads similar to Verbena; a very fine bedding plant; 20 cents.

PANSIES—Fancy Sorts.

We offer a fine stock of plants as well as seeds of very choice sorts; 10 cents each, $1 per dozen.

POMEGRANATE, Double Pomegranate—Tall growing variety of wonderful brilliancy, foliage bright and glossy, flowers about 1½ inches in diameter, of the most vivid scarlet; 25c.

New Dwarf Pomegranate, James Vick—A dwarf variety, which blooms while quite young. The flowers are large and of the most brilliant orange scarlet. The plant will in time attain a height of 4 to 6 feet, blooming throughout the latter part of Summer. It is nearly hardy, and may be left out in sections where the thermometer does not fall 15° below freezing. In colder latitudes it can be kept in cellar over Winter without difficulty; 20c.

PILEA SERPEFOLIA—Artillery Plant.

Graceful fern-like foliage and immense numbers of very small pink buds, which, when sprinkled, burst and send off little jets of pollen, representing miniature guns; this is a very neat and curious plant, will bed out nicely during the Summer, and is an elegant plant for the window in Winter; 15c., $1 50 per doz.

PRIMROSE.

One of the finest free-blooming plants; should be kept in a vase or pot during the Summer, re-potted in the Fall; they make beautiful plants for Winter flowering, emitting their sweet and peculiar fragrance; the single varieties are preferable as they are more hardy and the cultivation much easier; keep in a

moderate temperature, keeping the crown above the soil; 18 cts.

TUBEROSE.

The Tuberose, double flowering, stands without a rival in the floral world for purity, fragrance and abundant bloom, and when the management is fairly understood there is no difficulty in having flowers.

Well developed bulbs planted about May 1st, in well enriched ground, where they can have the sun all day, we feel sure will reward the cultivator with fragrance and beauty. In latitudes North of this it would be well to start them in pots or hot beds so as to have them bloom before frost. Extra large flowering bulbs 10 cents each; 2 for 25 cents; $1 per dozen by mail, $5 per 100 by express. Second size 8 cents each; 75 cents per dozen by mail; $3 50 per 100 by express.

Double Tuberose Pearl.

We have this season propagated it largely, so that we can offer it at moderate prices. Its value over the common variety consists of its flowers being of double size, imbricated like a rose, and its dwarf habit, growing only from 18 inches to 2 feet in height; in other respects it is the same as the common sort; 12 cents each, 8 for 25 cents, $1 per dozen, $8 per 100, by mail, postpaid, $6 per 100 by express. See cut.

VERBENA.

The Verbena is the most useful and popular of our bedding plants, continuing to display their gorgeous colors during the entire season. See cut.

Frequent change of soil is necessary, a fresh sandy loam, enriched with well decomposed manure is best. Our list embraces many of the finest kinds, nothing else retained; 10 cents each, $1 per dozen.

VIOLETS—Sweet Scented.

Valued for their delightful fragrance. The varieties named below are among the leading kinds.

Double Beech Fragrant—Fine bloomer and deliciously fragrant; 15 cents each, $1.50 per dozen.

Schönbrun—Deep blue, single and very sweet scented; 15 cents each, $1.50 per dozen.

Marie Louise—Deep violet blue; very fragrant and free flowering. It should be grown by all interested in the culture of cut flowers on account of its easy forcing qualities; 15 cents each, $1.50 per dozen.
SELECTED LIST OF BASKET PLANTS.

Barclayanna—A well known and desirable climber. In three varieties: 15 cts.

Oxalis Alba—Pure white, vigorous growth; 15 cts.

Peristrophe Augustofolia—A beautiful variegated plant for baskets and ribbons, white and pink; 15 cts.

Senecio Scandens—Parlor Ivy—A rapid grower, ivy-shaped leaf, fine for Winter decoration; 15 cts.

Sarcorhaga—A fine basket plant, sending out its thread-like tendrils a foot or more in length; 15 cts.

Vinca Major—Thick, glossy leaf, variegated white flowers, sky blue, good dropper; 15 cts.

Kenilworth Ivy—A fine basket plant; 15 cts.

Tradescantia—A new variety, finely veined, not being so coarse a grower as the old varieties; 15 cts.

Tradescantia—Plain green leaf, vigorous, for shaded situations; 15 cts.

Tradescantia Repens Vitata—Leaves striped white; 15 cts.

Tradescantia Zebrina—A rapid growing dropper, vigorous habit; price, 15 cts. each.

Lobelia—In varieties; 15 cts.

Sweet Alyssum—Pure white, constant bloomer; 15 cts.

Coral Grass—A drooping grass with scarlet flowers; 15 cts.

Cissus Discolor—A well known & showy climber, with leaves beautifully shaded with dark green, purple and white, the upper surface of the leaf having a rich velvety-like appearance; price, 20 cents each.

Ever-Blooming Flax—Flowers 1 inch in diameter, azure blue, a good bedding plant; price, 15 cents each.

Golden Thyme—Lemon scented, fine golden variegation, hardy; price, 15 cents each.

Graphehum Tomatsum—White foliage plant, with narrow leaves, well suited for basket or bedding purposes; price, 15 cts.

Cuphea—Lady's Cigar Plant—Constantly covered with bright scarlet bloom; price, 15 cts.

Myriaphylum Asparagiodes (Smilax)—There is no climbing plant in cultivation that surpasses this in the graceful beauty of its foliage, one of the most desirable for vases or hanging baskets, a vigorous grower, largely used by ladies for dressing the hair or decoration, etc.; 18 cts.

Cocobela Patula—A curious flat stemmed plant, growing from one to two feet, resembling a narrow bearded iris: price, 15 cts.

Panicum Varietatum—A variegated grass of drooping habits, its style of growth is particularly graceful, olive green on one side and white on the other; 15 cts.

Lycopodium—In varieties, bright green foliage like the fern, require shade and moisture; 15 cts.

Torenia Aquatica—C odd dropper, flowers dark velvet purple and blue; 15 cts.

Ortho. Crossifolia—This a pretty species of Bagwort, suitable for baskets, pendant over the sides of the basket, and enlivened with numerous yellow flowers: price, 15 cts.

Twelve fine basket plants sent for $1.00, by mail, postpaid.

HARDY VINES AND CREEPERS.

These are desirable for covering arbors, trellises, and add much to the beauty of the garden or veranda.

Aristolochia Siphon (Dutchman's Pipe)—Very dark green leaves and brownish flowers of a singular shape, resembling a pipe, a peculiar and interesting plant, entirely hardy, strong climber; 50 cents. See cut.

Bignonia Grandiflora—Can be trained as a short plant by tying a stake to the height of four or five feet, and then pinch back till it becomes self-supporting, large racemes of brilliant yellowish scarlet flowers; 25 cts.

Vitis Varietata—With variegated cut leaves, producing clusters of purple berries, an interesting and beautiful climber; 20 cts.

English Ivy—A good wall climber, evergreen vine; for covering the exposed end of buildings, and noted for its clinging habits, clings now clinging to the ruins of some of the castles of the Middle Ages which have gone on in uninterrupted vigor for centuries; 20 cts.
PAMPAS GRASS.

A stately species of grass from South America, growing six feet in height, with immense silvery white plumes, often more than two feet in length, and ten inches in diameter. It is not quite hardy North; can be protected by cutting off the top and covering with a few leaves, then cover all up with, say, about two feet of earth, which be sure to remove in the Spring before there is any effort to grow, or the plant can be taken up and removed to the cellar, and replanted in the Spring. Strong plants, 25 cents each.

EULALIA JAPONICA ZEBRINA.

Unlike all other variegated plants that has its striping, or marking, across the leaf, instead of longitudinally. It grows from 4 to 6 feet in height, forming a most striking and graceful plant, resembling nothing else that we know of in cultivation. The expanded flower spike resembles the ostrich plume and will last for years. Plant entirely hardy. First size, $1.00; second size, 75c.; third size, 50c., post paid. See cut.
The above four elegant sorts, $1.25.

HARDY SHRUBBERY—BY MAIL.

The plants we offer are now growing in pots, well rooted and thoroughly established. When the planting season arrives they can go at once into the open ground. Twenty cents each, 6 for $1.14 for $2, sent by mail, postpaid. We will send one plant each of hardy vines, shrubbery and honeysuckles, 31 varieties, by mail, postpaid, for $5.
Althea or Rose of Sharon—Very double, and a clear, beautiful white; 20 cts.
Althea, Variegated Leaved—A very fine, distinct variety, growth compact, about half of each leaf being green, and clear white, flower being pink and very double, should be in every collection; 20 cts.
Almond—Double flowering, rose colored blossoms, each flower as double as the finest rose.
Almond (Double White)—Grows about three feet high; flowers pure white and perfectly double, growing along the stems in great abundance, very desirable; 20 cents each.

Calacanthus (Sweet Scented Shrub)—Double, very fragrant, blooms often throughout the Summer, an old though much valued shrub, delightfully fragrant.
HARDY SHRUBBERY—Continued.

Deutzia Carnata—An elegant shrub, height from three to five feet, flower double, white variegated, magnificent shrub. See cut.

Deutzia Gracilis—Small white flowers, in great abundance.

Forsythia Viridissima (Golden Bell)—Beautiful yellow; bell-shaped flowers, early and profuse bloomer.

Mock Orange—A rapid growing, medium-sized shrub, with very fragrant white flowers.

Snowball—A vigorous grower, producing compact balls of elegant white flowers, well named the Snowball; 25 cts. each.

Spirea Pruinifolia (Bridal Wreath)—Double white.

Spirea Reevse—Single flowered, white, free bloomer.

Spirea Fretia Plena—Double flowered, the best.

Spirea Colosia Alba—New, white; when in full bloom makes a mass of beautiful white heads, very desirable for bouquets and floral designs.

Spirea Colosia Rosae—Beautiful heads, of a clear rose color.

Wigelia Purpuria—Flowers a reddish purple; borne in wonderful profusion, an elegant variety.

Wigelia Rosae—This is one of the most popular of hardy shrubs; flowers beautiful rose color, in great abundance.

Wigelia Variegata—Similar to Rosae, except that the foliage is beautifully variegated with white.

Wigelia Isolata—Flowers almost white, a superb sort, new.

White Fringe—A small ornamental tree, bearing small white flowers, resembling elegant fringe.

The above set of 20 varieties for $3 75, postpaid.

Hot Bed Plants Ready May First.

Five varieties of Tomatoes, early Beets, Cabbage, Cauliflower, large Peppers for pickling. The following list for 25 cents per dozen by mail, postpaid, in orders of not less than $1 00.

CELERI PLANTS.

Seventy-five cents per hundred by mail, in orders not less than $1 00; 50 cents per hundred by express, $5 00 per thousand.

LATE CABBAGE PLANTS.

Large Late Drumhead and Large Flat Dutch—Seventy-five cents per hundred, postpaid; $2 00 per 1000 sent by express.

Surehead Cabbage—New; always sure to head, weights from 10 to 15 pounds. A new variety of great promise; $1 00 per 100, $5 00 per 1000 by express; if by mail, 30 cents per hundred added.

EGG PLANTS, READY MAY 1st.

Sent postpaid 75 cts. per dozen, in orders of not less than $1 00. Variety large purple.

RED POTATO PLANTS.

Nansemond—Yellow chunk variety; 30 cents per 100, $3 00 per 1000, sent only by express at these prices; if sent by mail 30 cents per hundred must be added to pay postage.

Red Nansemond—Similar to the above, only deep red skin, flesh very yellow, sweet and rich; 30 cents per 100, $3 50 per 1000, by express; if by mail 30 cents per hundred additional.

ORNAMENTAL GRASSES.

Nearly all the ornamental grasses are very beautiful, and when cut and dried and arranged with Autumn leaves and everlasting flowers, make beautiful wall ornaments.

Agrostis Nebulosa—Graceful and beautiful; pkt. 5c.

Avena Sterilis—Animated Oats; pkt. 5c.

Brendan Raveus—A stately perennial grass, hardy, 12 feet; pkt. 10c.

Briza Maxima—Large quaking grass, hardy annual; pkt. 5cts.

Chloris Truncata—Fine silvery plumes, 2 ft.; pkt. 5c.

Eragrostis Elegans (Love Grass)—Elegant and pretty; pkt. 5cts.

Hordeum jubatum (Squirrel Tail Grass)—Dwarf, very pretty; pkt. 5cts.

Lagarus Ovatus (Hare's Tail Grass)—Dwarf, very pretty; pkt. 5cts.

Setaria Macrochelata—Graceful drooping plumes, hardy; pkt. 5c.

Coix Lachrymae (Job's Tears)—Hardy annual; 5 cts.

Stipa Pennata (Feather Grass)—Graceful and elegant.

SEED COLLECTIONS.

Candytuft; choice.

Pansy; choice mixed.

Balsam; choice.

Sweet William.

Mignonette.

Musk Plant.

Cypress Vine.

Godetia; mixed.

Dianthus China Pink.

Our Wild Flower Garden.

These are large packages of last year's seeds, some of which may not grow, but we think that a large proportion will. In order, however, that our customers may get fresh seeds, in our regular list we discard all the old stock that there is any doubt about, and mix a great many sorts together and offer them in large packages, and if wanted in some neglected corner, will develop a strange mixture of beauty.

We would advise when the plants are well up to weed out the stronger growing ones, so that the lower growing sorts may have a chance to develop; pkt. 5c.

Lawn Grass.

Central Park Lawn Grass—The genuine Central Park mixture. These celebrated lawns attract the attention of every visitor on account of their deep rich color and velvety evenness. The quantity required is about as follows: 1 quart to 10x20 feet, or to cover an acre requires about 4 bushels. Should be sown very thin to get a fine lawn; 25c. per quart by mail; 20c. by express; $1 50 per peck; $4 50 per bushel.
Below will be found a list of the most desirable sorts, they have been grown with a view to distant shipments, to this end we have endeavored to get as large amount of root force as possible, and they can be shipped to the most distant points with perfect safety.

Concord—The best for general cultivation, pulphish-black fruit. cluster fine and compact, fine flavor and good market or family grape: 20 cts.

Clinton—Dark purple berry, compact cluster, large and full, very desirable for culinary purposes: 20 cts.

Catawba—An old and unsurpassed variety for delicious flavor and fine appearance. should be planted where it will have protection: 25 cts.

Ives Seedling—Dark purple color, a strong grower and very hardy, flesh sweet and very juicy: 25 cts.

Martha—A white grape of remarkable sweetness, often has but one seed: 25 cts.

Hartford Prolific—Berries large and black, sweet and juicy, very hardy, ripens unusually early: 25 cts.

Telegraph—A black grape, flesh juicy, of very good quality, about as early as the Hartford Prolific: 25 cts.

Taylor's Bullet—A white grape, very sweet and fine, in the North, needs some protection: 25 cts.

Champion—A new black grape, ripens a few days earlier than Hartford Prolific, good table fruit: 50c.

Delaware—This is undoubtedly the best table grape, ranking pre-eminently above all others in its pure rich, sugary, wine-like juice. Bunches small, compact, shouldered, berries medium size, fine wine color, translucent, vines hardy, moderately vigorous and very productive, ripens 15th of September: 25c.

Prentiss—Bunch large, not often shouldered, compact. Berry medium to large, yellowish green, sometimes with rosy tint on side next to sun, skin thin but very firm. Flesh tender, sweet, melting juice, with a very pleasant and musky aroma. Free from foxiness, little if any pulp, ripens with Concord: 75 cts. See cut.

Merrimack—Vigorously growing, berries large and sweet, color black, regarded as one of the finest of Rogers' Hybrids: 25 cts.

Pocklington—This is the largest white grape yet offered, with large, thick, tough leaves, vines perfectly hardy, bunch large, compact, berry large to very large, pale yellow, covered with a thin light bloom, flesh juicy, sprightly, sweet, ripening with the Concord: 75 cts.

Vergennes—This is one of the finest of the new red grapes, especially remarkable on account of its keeping qualities, having been kept perfectly sound during the Winter, it can also be dried into raisins, remarkable grower, extremely hardy, a good bearer, berries and clusters large, fruit rich and delicious; this we consider one of the most promising of the new grapes, combining so many excellent qualities: price 75 cts. each.

Brighton—A very popular newish variety, bunch large and compact, berry medium to large, deep red, very sweet, rich and high flavored, vine vigorous, hardy and productive; 50 cts. each.

Salem—Vine vigorous and healthy, bunch large and compact, berry large, color brownish red, flesh tender and sweet: 25 cts. each.

Isabella—Bunches long, berries large and oval, dark purple or black, tender, sweet and rich; price. 15c. We would advise those wanting vines to order before the plants start in the Spring, as it is much easier to ship them in a dormant condition. We will not fill orders for grape vines after May.

THE PRENTISS. From a Photograph by
G. W. Godfrey, Rochester, N. Y.

Branch 30 inches. Weighting 7 pounds. Exhibited at meeting of Am. Pom. Society, Rochester, N. Y.
VEGETABLES.

It is with pleasure we again call your attention to our list of Vegetable Seeds. Our largely increasing business in this particular department, coupled with the many flattering letters from all over the country, we think, evidence of the growing popularity of our Seeds. Our Seed Farm contains nearly one hundred acres of choice sandy loam, the best for maturing most sorts of vegetable seeds. And our extensive greenhouses give us every facility for testing their germinating powers. With these advantages we feel assured we are prepared to offer a list of leading seeds that will be satisfactory to all purchasers.

**PRICE OF VEGETABLE SEEDS**

Will be found with each variety, giving price both by mail and express, so that there need be no misunderstanding.

Make Change in Postage Stamps.

**DISCOUNT ON VEGETABLE SEEDS IN PACKETS ONLY.**

This offer does not apply to seeds by the ounce, pound, quart or bushel, in packets only.

Purchasers ordering seeds in packets to amount of $1.00 may select to amount of $1.25.

Purchasers ordering seeds in packets to amount of $2.00 may select to amount of $2.50.

Purchasers ordering seeds in packets to amount of $3.00 may select to amount of $3.50.

Asparagus, Conover's Colossal—Well named Colossal, as it is the largest and most productive of all, as well as elegant flavor. Soak the seeds in warm water for twenty-four hours before planting; pkt 5c, oz 10, 1b 40c.

**BEANS, DWARF OR BUSH.**

New Prolific Tree Bean—Similar to the old white soup bean except that it is more round. The habit of growth is upright, hence the name tree bean. It is an enormous cropper, and of very superior flavor. Everyone should try it. Pkt 10c, pt 25c, qt 40c, by express; by mail, pkt 10c, pt 35c, qt 55c, 2 qts for $1, postpaid.

**BEANS, POLE OR RUNNING.**

Dreer's Improved Lima—Its distinctive features are early maturity, large yellow, good quality; pkt 10c, pt 30c, qt 50c, by express; by mail, pkt 10c, pt 50c, qt 80c.

Large White Lima—This is regarded the best of all the Pole Beans, and is almost universally grown both for market and private use; pkt 10c, pt 30c, qt 40c, pkt $1 by express; by mail, pkt 10c, pt 40c, qt 70c.

Giant Wax—An elegant stringless variety, pod long, fleshy and very tender, an excellent String Bean; pkt 10c, pt 35c, qt 50c; by mail, pkt 10c, pt 40c, qt 80c.

Horticultural or Wren's Egg—One of the most productive and best for general cultivation; pkt 10c, pt 35c, qt 40c by mail, pkt 10c, pt 40c, qt 65c.

Dutch Case Knife—One of the earliest of all Pole Beans, fine white, excellent flavor, good either green or dry; pkt 10c, pt 25c, qt 35c, by express; by mail, pkt 10c, pt 50c, qt 60c.

**BEET.**

Early Flat Bassano—Very early, tender; pkt 5c, oz 10c, 34 lb 20c, 1 lb 75c; by express, 34 lb 15c, 1 lb 60c.

Early Blood Turnip—Standard early sort; pkt 5c, oz 10c, 34 lb 20c, 1 lb 75c; by express, 34 lb 15c, 1 lb 60c.

Long Smooth Blood Red—An excellent late variety; pkt 5c, oz 10c, 34 lb 20c, 1 lb 65c; by express, 34 lb 15c, 1 lb 50c.

Egyptian Turnip—The earliest beet in cultivation, deep crimson, fine quality; pkt 5c, oz 10c, 34 lb 30c, 1 lb $1; by express, 34 lb 35c, 1 lb 85c.

Dewing's Improved Blood Turnip—Roots deep blood red, fine flavor, crisp; pkt 5c, oz 10c, 34 lb 20c, 1 lb 65c; by express, 34 lb 15c, 1 lb 50c.

Swiss Chard—Sea-kale beet. Cultivated only for its leaves, making excellent tender greens; pkt 5c, oz 10c, 34 lb 20c, 1 lb 75c; by express, 34 lb 20c, 1 lb 60c.

**VARIETIES GROWN FOR FEEDING STOCK.**

White Sugar Beet—Grows to a large size, and is very sweet and nutritious, producing immense crops; pkt 5c, oz 10c, 34 lb 20c, 1 lb 65c; by express, 34 lb 15c, 1 lb 50c.

Yellow Globe Mangel Wurzel—Large, round in shape, orange in color, an excellent keeper, and very nutritious; pkt 5c, oz 10c, 34 lb 20c, 1 lb 60c; by express, 34 lb 15c, 1 lb 50c.

**Early Red Valentine.**—Early, productive, tender; pkt 10c, pt 20c, qt 30c, by express; by mail, pkt 10c, pt 30c, qt 40c, 2 qts for $1, postpaid.

**Early Yellow Six Weeks.**—Early and prolific; pkt 10c, pt 20c, qt 30c, by express; by mail, pkt 10c, pt 30c, qt 40c.

**Early Mohawk.**—An excellent early variety; pkt 10c, pt 20c, qt 30c, by express; by mail, 20c, pt 30c, qt 60c.

**German Black Wax.**—One of the most valuable of String Beans, tender yellow pods of delicious flavor; pkt 10c, pt 30c, qt 40c, by express; by mail, pkt 10c, pt 40c, qt 70c.

**White Wax.**—A new European variety; similar to the above except in color of beans, which are pure white; excellent; pkt 10c, qt 45c, by express; by mail, pkt 10c, pt 40c, qt 70c.
CHESTER

BEET—Continued.
Lane's Improved Imperial Sugar Beet—One of the best raised for feeding cows and young stock, yielding up to 40 bushels per acre; pkt 5c, oz 10c, 2 lb 20c, 1 lb 65c; by express, 1 pt $1.5c, 1 lb 50c.

Improved Prize Mammoth Long Red—This variety has attracted much attention on account of its enormous size. Single specimens have been exhibited weighing 50 lbs each, and quality superior; pkt 5c, oz 10c, 1/2 lb 25c, 1 lb 75c; by express, 1/2 lb 29c, 1 lb 60c.

BRUSSELS SPROUTS.
Easily cultivated, same as cabbage, producing from the axils of the leaves, sprouts of miniature heads of cabbage, of excellent flavor.
Extra Improved—Pkt 5c, oz 20c, 1 lb 60c.

BROCCOLI.
Broccoli is nearly allied to Cauliflower, producing hard compact heads. sow in hot beds for early crop, for main crop in May, treat as cabbage.
White Cape—About the most certain variety to head; pkt 10c, oz 50c, lb $1.00.

CORN—SWEET OR TABLE CORN.

Pop Corn. Dolly Dutton. Triumph.
Early Minnesota—Pkt 10c, pt 25c, qt 50c, by mail; by express, pt 15c, qt 25c.
Stowell's Evergreen—Remains green a long time, the best; pkt 10c, pt 25c, qt 50c, by mail; by express, qt 50c.
Triumph—Very early, large ears, quality good; pkt 10c, pt 25c, qt 50c, by mail; express, pt 15c, qt 25c.
Amber Cream Sweet Corn—This is a new corn of great promise, when dry an amber color, though a rich cream white when green. Very sweet and rich; pkt 10c, pt 25c, qt 50c, by mail; express, pt 15c, qt 25c.
Black Mexican—The sweetest of all; pkt 10c, qt 25c,

qt 50c, by mail; by express, pt 15c, qt 25c.
Parching or Pop-Corn—Pkt 10c, pt 25c, qt 50c, by mail; by express, pt 15c, qt 25c.
Dolly Dutton—The earliest sweet corn, of excellent quality. Dwarf, ears small, kernels good size, tender and very sweet, very desirable; pkt 10c, pt 25c, qt 50c, by mail; by express, pt 15c, qt 25c.
New Sweet Corn Early Genesee—Combines all the desirable qualities of an early corn, namely, earliness, large size and superior quality. There is no question but that it is the best of all early; pkt 15c, pt by mail, postpaid, 40c; by express, pt 25c, qt 50c.

VARITIES OF CORN FOR FIELD CULTURE.

Being right in the midst of this celebrated corn growing district of Eastern Pennsylvania, we are enabled to make selections of varieties that have succeeded best in the hands of the most careful growers.
The Yarnall Corn—We cannot say too much in praise of this excellent variety. At a recent corn exhibit of more than thirty sorts that were examined by impartial and competent judges, after weighing the ears, and then the shelled corn, and other points of merit being duly considered. The committee unanimously gave the first premium to this variety. 80 to 100 bushels to the acre is not an uncommon yield. The ears are large and full, the outer end of grains being a whitish yellow. When shelled, a clear canary yellow, and like the above is very productive, and will accommodate itself to thin or rich land. Sample packet 10c, 1 lb 50c, 4 lbs $1.35, postpaid; 1 pk by express, 90c, 1 bu $1.75, 5 bu $8.00.
Brandywine Golden—Remarkable for its hardy and vigorous habit, its rich golden yellow color, and its ability to produce heavy crops. The growth of fo-

28
CORN—Continued.

The Leaming Corn—Somewhat of a Dent variety, the ears are, however, longer, and nearly always producing two good ears to the stalk; small red cob with a deep, long grain of a rich golden color. Two years ago where most sorts failed on account of excessive drought, the leaming produced fine crops. When conditions are favorable it will mature a crop in ninety days, it has frequently been found to produce 100 bushels per acre, it is especially desirable for an early crop to be followed by Fall seeding; 1 pk by express, postpaid, $1.25, 1 lb $1.50, 5 lbs $7.50, 1 bu $15.00.

CORN SALAD or FETTICUS.
A vegetable used as a salad, it is sown on the first week of April and cut for use in about six weeks; pkt 5c, oz 20c, 1/2 lb 50c.

CABBAGE.
Perhaps among all the garden vegetables there is none that is so universally esteemed as Cabbage. Commencing with the early varieties succeeded by the Winter of late sorts, it can grace the table during nearly the whole year with its health-giving presence. Sow in the hot-bed for early crop, from March 15th to April 1st, open ground from April 1st to May 15th.

SUREHEAD—(New). Our experience with this variety the past season confirms all that is claimed for it, perfectly solid heads weighing from 10 to 15 lbs., of elegant flavor, and an excellent Winter keeper. Seed still very scarce, as the demand for this excellent variety has been such as to keep all surplus used up; pkt 10c, 1/4 oz 15c, 1 oz 40c. See cut.

LARGE LATE DRUMHEAD—Large, solid, good flavor; pkt 75c, 1 oz 25c, 1 lb 50c, postpaid.

PREMIUM FLAT DUTCH—Very popular; pkt 10c, 1 oz 25c, 1/2 lb $1.00.

STONE MASON—Very hardy, an excellent market sort, sweet, tender, and delicate flavor, flat heads; pkt 10c, oz 30c, 1/2 lb $1.00.

DANVERS—A new variety of great favor, in form mid-way between the Long Orange and Early Horn, a rich shade of orange, very handsome and smooth, under the best cultivation it has produced 20 to 25 tons per acre; pkt 5c, oz 10c, 1/2 lb 30c, postpaid.

CAROLT.

EARTY SCARLET HORN—An old favorite; pkt 5c, oz 15c, 1/2 lb 40c.

LONG ORANGE IMPROVED—Excellent for both garden and field, attains an immense size, for main field crop is unexcelled; pkt 5c, oz 10c, 1/2 lb 25c, lb 90c.

DANVERS—A new variety of great favor, in form mid-way between the Long Orange and Early Horn, a rich shade of orange, very handsome and smooth, under the best cultivation it has produced 20 to 25 tons per acre; pkt 5c, oz 10c, 1/2 lb 30c, postpaid.

CAULIFLOWER.

CAULIFLOWER.

SOMETHING similar to cabbage, requiring about the same treatment, very much sought after for pickling.
CAULIFLOWER—Continued.

Extra Early White Erfurt—Very early, heads large, white, solid and compact; fine flavor; pkt 15c, oz $1. See cut.

Welcheren—A truly vigorous German variety, well adapted to our climate; pkt 10c, oz 75c.

CELERY.

Boston Market—Dwarf, one of the best; pkt 10c oz 40c, 1/4 lb $1.00.

Giant White Solid—Of large size, solid; pkt 10c, oz 20c, 1/4 lb 65c.

Seymore’s Superb White—Producing large, crisp, fine stalks, solid; pkt 10c, oz 30c, 1/4 lb 70c.

New Golden Self-Bleaching—Offered for the first time, is very starchy, wonderfully strong grower, with a delicious sweet flavor, and with all a wonderful keeper, and still more, is self-bleaching to a very remarkable extent without banking up. Everyone should try this rare novelty; pkt 15c, 5 pkts 50c.

Dwarf White Solid—Self-bleaching, a superior dwarf sort; pkt 10c oz 10c, 1/4 lb 75c.

Half Dwarf—A remarkably fine and new white variety, intermediate in size between the dwarf and large white; pkt 15c, oz 50c, 1/4 lb $2.00.

Incomparable Crimson—A dwarf growing, rich colored, variety, very crisp and tender, fine for table decoration; pkt 5c, oz 20c, 1/4 lb 65c.

Celeriac, or Turnip-Rooted Celery—Apple-shaped. Grown exclusively for its roots, which are turnip-shaped, very smooth, tender and narrow-like. The roots are cooked and sliced; used with vinegar they make an excellent salad. They are also used for seasoning meats and to flavor soups; pkt 5c, oz 20c, 1/4 lb 60c, lb $2.

White Plume—In growth similar to the Golded Half Dwarf, being a good length and compact in growth. The great point claimed for White Plume is that it needs no banking. This one quality makes it the most remarkable Celery introduced in years. A neighbor who had several varieties planted the past season says White Plume was the only one that did well through the dry weather, pkt 20c. See cut.

CUCUMBER.

Early White Spine—Medium size, crisp, fine flavor; pkt 5c, oz 15c, 1/4 lb 30c.

Early Frame—An old and popular sort; pkt 5c, oz 20c, 1/4 lb 30c.

Green Prolific—One of the best pickling sorts; new; pkt 10c, 1/4 lb 50c.

Sultean or Gherkin—Good for pickling; pkt 5c, oz 10c.

Early Green Cluster—Very productive in clusters near the foot of the stalk; pkt 5c, oz 15c, 1/4 lb 40c.

Long Green—A long growing variety, crisp and fine; pkt 5c, oz 15c, 1/4 lb 50c.

Early Russian—The earliest, being at least ten days earlier than cluster, excellent flavor; pkt 5c, oz 10c, 1/4 lb 25c.

New Long Grecian Cucumber—An excellent novelty of rare appearance and flavor, growing very straight, often attaining the length of 20 inches and very productive; plant it and take the premium. Pkt 10c, oz 30c.

CHERVIL.

Sow in half-inch drills, one foot apart in May. Cultivate and use like parsley. The leaves have a pleasant aromatic flavor.

Curled—Pkt 5c, oz 20c, lb $2.00.

EGG PLANT.

Seed should be sown in hot beds early in the Spring, and transplanted into open ground about June 1st. If no hot bed at hand sow a few seeds in pots or boxes in the house will answer very well.

New York Improved—Large, solid and very productive, the best of all; pkt 10c, oz 60c, 1/4 lb $2.00.

Early Long Purple—Differing in shape from the foregoing, early, hardy and productive; pkt 15c, oz 30c, 1/4 lb $1.00, lb $3.00.

LETTUCE.

Hanson Lettuce—Large headed sort of excellent quality, often weighing two or three pounds, and stands the heat of the Summer well; pkt 10c, oz 25c, 1/4 lb 75c. See cut.

Early Curled Simpson—Large, wrinkled leaves, fine flavor; pkt 5c, oz 20c, 1/4 lb 75c.

Boston Market—White and crisp, fine; pkt 10c, oz 30c, 1/4 lb 75c.

White Tennis Ball—Tender and crisp; pkt 5c, oz 30c, 1/4 lb 75c.

Black Seeded Butter—Similar to Tennis Ball, but larger, fine out-door variety; pkt 10c, oz 20c, 1/4 lb 75c.

Large White Summer Cabbage—Excellent for Summer; heads of good size; pkt 10c, oz 25c, 1/4 lb 75c.

MELON—Cantaloupe or Musk.

Bay View Melon.
MELON—Continued.

Bay View Melon—A large, prolific, green fleshed melon, deliciously sweet, thick green fleshly, very large and immensely productive; pkt 5c, oz 10c, $2 lb 30c, lb $1.00. See cut.

Jenny Lind—The earliest of green flesh kinds; pkt 5c, oz 10c, $2 lb 30c.

Nutmeg—Fruit nutmeg shaped; pkt 5c, oz 15c, $3 lb 25c.

Silk's Hybrid—A new, early sort, flesh salmon colored, very sweet and wonderfully productive; pkt 10c, oz 20c, $2 lb 40c.

White Japan—A variety from Japan, sweet early and thin skinned; color of fruit, cream white, flesh thick; pkt 5c, oz 10c, $2 lb 25c.

Pine Apple—Dark green, sweet and juicy, pkt 5c, oz 10c, $2 lb 25c.

New Perfection Musk Melon—This melon is a great improvement over all pre-existing varieties. It is nearly round, of good size, of a dark green color outside, heavily netted, the flesh is of a rich orange color, and very thick; flavor unequalled. Supply of seed very limited; pkt 15c, 5 pkts $0.60.

MELON—Water.

With these natural advantages we are enabled to send out the very best seed selected from fine specimens.

Cuban Queen—This magnificent melon was introduced three years ago, and its merits have placed it at the head of nearly every list; its immense size, superior quality and beautiful appearance make it a favorite with all. The flesh is bright red, very solid, crisp and sugary; and of delicious flavor. [See cut.] Pkt 10c, oz 15c, $2 lb 30c, lb $1.25.

Mountain Sweet—Large thin rind; pkt 5c, oz 10c, $2 lb 30 cts.

Ice Cream—White seed, luscious; pkt 5c, oz 10c, $2 lb 30c.

Black Spanish—Large size, dark green skin, flesh red, excellent flavor; pkt 5c, oz 10c, $2 lb 25c, lb 75c.

Gipsy—One of the largest in cultivation, color light green, striped with white, rind thin, delicious flavor, a very superior market sort; pkt 5c, oz 10c, $2 lb 30c.

Mountain Sprout—A large long variety, skin dark green, marbled with lighter shades, excellent scarlet flesh; pkt 5c, oz 10c, $2 lb 25c.

The Boss—We have here a melon which combines all good qualities essential to perfection. It has proved to be among the earliest, heaviest and most productive, and is a fine shipper. The flesh is of a deep scarlet, is rich in sugar, and is always crystalline and melting; pkt 5c, oz 10c.

Mammoth Ironclad—This new melon grows uniformly to a larger size than any other variety, a full crop having been known to average 50 pounds. It has a most delicious sugary flavor; is most deliciously juicy, very solid and crisp and will keep a long time after ripening; rind very thin yet strong, hence the name Ironclad; would advise every grower to try this remarkable melon; pkt 15c, oz 30c, $2 lb 50c.

MUSTARD.

White—Best for salad and medicinal purposes; pkt 5c, oz 10c, $2 lb 20c, lb 50c. Black—More pungent in flavor than the white; pkt 5c, oz 10c, $2 lb 20c, lb 40c.

OKRA, OR GUMBO.

Dwarf Green—Early and productive; pkt 5c, oz 10c, $2 lb 25c, lb 75c.

Long Green—Long ribbed, pale green; pkt 5c, oz 10c, $2 lb 25c, lb 75c.

ONION.

The value of pure and fresh onion seed in order to secure a crop cannot be overestimated. We have grown a large quantity the past summer, and therefore are enabled to offer seed unsurpassed.

Large Red Weathersfield—The standard sort for general crop; pkt 5c, oz 10c, lb $1.00.

White Silver Skin—Mild and pleasant, valuable for pickling; pkt 5c, oz 10c, $2 lb 20c, lb 40c, lb $1.50.

Yellow Dutch—Fine early variety, good keeper; pkt 5c, oz 10c, $2 lb 00c.

Extra Early Red—Earlier than the Red Weathersfield, very desirable, and keeps well; pkt 5c, oz 10c, $2 lb 30c, lb $1.00.

Early Choice Danvers Yellow—Of medium size globular form and very choice; well flavored, rather mild; pkt 5c, oz 10c, $2 lb 25c, lb 90c. See cut.

Giant Rocca—A splendid large variety from Naples, globular shaped, bright brown skin and delicate flavor; pkt 5c, oz 20c, $2 lb 60c, lb $2.00.

PARSNIP.

Long Smooth Hollow Crown—Large, white and fine quality; pkt 5c, oz 10c.

The Student—A fine variety, excellent flavor; pkt 5c, oz 10c.

The neighborhood immediately around Philadelphia has long been famous for its wonderful melons.
PEPPERS.

Sow early in hot beds, or late in open ground, in light, warm soil. When three or four inches high, transplant.

**Spanish Monstrous**—A new variety, very sweet, six inches long and two inches thick. When ripe the fruit is a beautiful red; pkt 5c, oz 40c.

**Large Bell or Bull Nose**—Nearly four inches long by three inches in diameter. It is early, bright red in color, and very mild; pkt 5c, oz 50c, 1/2 lb $1. See cut.

**Monstrous or Grossum**—The largest variety, introduced from France. It is good for mangos; pkt 5c, oz 30c, 1/4 lb $1.

**Chili**—Very piquant, pods 2 inches long, used for seasoning; pkt 10c, oz 40c, 1/4 lb $1.50.

PEAS—LEADING AND BEST SORT.

**American Wonder Pea**—A new variety, cross between Little Gem and Champion of England, growing only about 12 inches high, requiring no support, wonderfully productive, quality unsurpassed, and remarkable for its rapid maturity; peas planted in June matured in 33 days; pkt 10c, pt 40c, qt 75c; postpaid; by express pt 25c, qt 45c, peck $2 25, bushel $7 00.

**Philadelphia Early Extra**—A fine variety, yields well; pkt 10c, pt 30c, qt 60c; by mail; qt 30c; by express.

**Early Daniel Prouse**—A fine productive variety, pods well filled; pkt 10c, pt 35c, qt 50c, mail; 30c, express.

**Tom Thumbly**—Very dwarf, productive and excellent quality; pkt 10c, pt 35c, qt 60c, mail; 35c, express.

**Kent’s Half Dwarf**—Very productive, fine flavor; pkt 10c, pt 35c, qt 50c, by mail; 30c, by express.

**Champion of England**—The most popular of all the late varieties, height 5 feet; pkt 10c, qt by mail, 60c; by express 35c.

**Carter’s First Crop**—Very early and productive, of excellent flavor, height 5 1/2 feet; pkt 10c, pt 35c, qt 50c, by mail; by express, quart 30c.

The new Pea, Bliss’s Abundance—The productiveness of this variety is something marvelous. Plant half dwarf fifteen to eighteen inches high, and literally covered with pods; being branching in its habit, makes it necessary to sow the seed much thinner than other sorts. Every one should try it. Pkt 15c, 5 pkt 30c, pint 60c, postpaid.

EDIBLE PODDED PEAS

**Early Dwarf Wrinkled Sugar**—A French variety, early and of good quality, 2 1/2 feet; pkt 10c, pt 40c, qt 80c, by mail; by express, qt 55c.

PUMPKINS.

**Cashew or Crookneck**—Vigorous, flesh yellow, solid, sweet; pkt 5c, oz 10c, 1/2 lb 25c.

**Large Cheese**—Superior to ordinary field sorts. Productive; pkt 5c, oz 10c, 1/2 lb 25c.

**Connecticut Field**—Productive, grown for feeding stock; pkt 5c, 1/2 lb 15c, 1 lb 30c.

**Large Tours or Mammoth**—Grown to an immense size often weighing over 100 lbs; pkt 10c, oz 25c, 1/2 lb 50c.

PARSLEY.

**Double Curled**—A fine dwarf variety, excellent for garnishing; pkt 5c, oz 10c.

**Champion Moss Curled**—Beautifully crimped and curled; pkt 5c, oz 10c.

RADISH.

**Early French Breakfast**—Of quick growth, tender and crisp; pkt 5c, oz 10c. See cut.

**Early White Turnip**—Clear white, tender and fine; pkt 5c, oz 10c.

**Long Scarlet or Short Top**—The standard and market sort; pkt 5c, oz 10c.

**Long Spanish, Winter Variety**—Good keeper; pkt 5c, oz 10c.

**Yellow Summer Turnip**—Large size and the best to withstand heat and drought; pkt 5c, oz 10c.

**Olive-Shaped Scarlet**—Comparatively new; a very early and handsome variety, of a lively rose color and oblong shape; pkt 5c, oz 10c, 1/2 lb 20c.

SPINACH

**Round Leaved**—Highly esteemed for spring sowing; pkt 5c, oz 10c, 1/2 lb 20c.

**Large Round Leaved Viroflay**—New, with large, thick, fleshy dark green leaves. Transplanted will attain a very large size; pkt 5c, oz 10c, 1/2 lb 20c.

**Large Leaved F Anders**—A large, broad leaved, hardy variety; pkt 5c, oz 10c, 1/2 lb 20c.
SQUASH.

White Bush Scallop—An excellent market and family variety; pkt 5c, oz 10c. See cut.

Summer Crookneck—The finest sort for Summer; pkt 5c, oz 10c.

Marblehead—A new and valuable acquisition. It is the best keeper. Very fine grained, possessing a remarkably sweet and delicate flavor, bright orange flesh, shell very hard, and of a bluish green color; pkt 5c, oz 10c, 1/2 lb 20c.

Perfect Gem Squash—A new variety, wonderfully productive, fine grained and delicate flavor, and will keep in a warm room until Spring; pkt 10c, oz 20c, 1/2 lb 30c.

White Pine Apple—An entirely new Squash, unequaled for pies and custards, one of the most productive varieties ever introduced, good for either early Summer use or pies in Winter, as it is a good keeper until Spring, flavor similar to coconut. Each of our thousands of customers should at least try a packet. 10c, five pkts 50c.

TURNOPI.

Early Flat Dutch—Medium size, juicy and fine; pkt 5c, oz 10c, 1/4 lb 20c, lb 70c.

Red Top Strapped Leaved—The old standard variety, fine; pkt 5c, oz 10c, 1/4 lb 20c, lb 75c.

Yellow Aberdeen—Fine for stock feeding as well as for the table; pkt 5c, oz 10c, 1/4 lb 20c, lb 75c.

Large White Norfolk—Good field Turnip; pkt 5c, oz 10c, 1/4 lb 20c, lb 70c.

Yellow Stone—Very popular for the table; pkt 5c, oz 10c, 1/4 lb 20c, lb 70c.

Purple Top Strap-Leaved—The Old Standard variety; pkt 5c, oz 10c, 1/4 lb 20c, lb 70c.

TOMATO.

Trophy—Large, smooth, and solid; pkt 10c, oz 30c, 1/4 lb $1.00.

Arlington—Red, large, solid, fine flavor; pkt 20c, oz 30c.

Gen Grant—Early fine family variety; pkt 5c, oz 25c.

Large Yellow—Fine, tender flesh variety; pkt 10c, oz 25c.

Acme—New; fruit good size, round and solid, delicate purplish red color; pkt 10c, oz 25c, 1/4 lb $1.

Paragon—This is an elegant new Tomato, bright glossy crimson, fine quality; pkt 10c, oz 25c, 1/4 lb $1.

Canada Victor—Very early, bright red, pkt 10c, oz 30c. See cut.

Blount’s Champion Cluster—A valuable new variety, growing in clusters, solid and good, dark crimson; pkt 10c, oz 10c, 1/4 lb $1.

Island Beauty—Another new variety of great excellence, in clusters of from ten to twelve large Tomatoes in a bunch, deep crimson; pkt 10c, oz 30c, 1/4 lb $1.

Yellow Pear—For Pickling; 10c.

President Garfield—The largest tomato in existence, frequently reaching 2 to 3lbs, quality excellent, color bright red; pkt 5c, 5 pkts 40c.

Mayflower Tomato—The earliest large tomato in cultivation, large smooth glossy red, presents a fine appearance, quality unsurpassed. It has been awarded several first prizes; pkt 10c, oz 25c. See cut.

The Cardinal Tomato—This new tomato is one of the most attractive, and presents more good points than any variety yet introduced, of vigorous growth, yet compact in habit, and bears abundantly throughout the season; weight of fruit considered, it is the most productive variety known. Fruit uniformly smooth, and is of a brilliant cardinal red and makes the handsomest sliced tomato imaginable; color very delicate and fine. Every one should try this best of all Tomatoes; pkt 15c, 5 pkts 50c.

RUTA BAGAS, OR SWEDES.

Laing's Improved Ruta Bagas—One of the earliest and best for table. The handsomest variety grown, of first-class quality; pkt 5c, oz 10c, 1/4 lb 20c, lb 75c.

Large White French—Excellent for table use as well as stock. Grows to a large size at same time, is solid, mild and sweet, a desirable sort; pkt 5c, oz 10c, 1/4 lb 20c, lb 75c.

Shamrock—One of the best of all plant tops, small top, good keeper, excellent for stock or table use; pkt 5c, oz 10c, 1/4 lb 25c, 1 lb 75c.

Our 25 Cent Box of Vegetable Seeds for 1885.

The great demand for these boxes last year has induced us to again offer the same collection. We have tried as far as possible to make this list meet the wants of an ordinary garden. These collections are put up in advance, and will not admit of any alteration or change. Indeed, at the extreme low rate at which they are put, it could not be expected. These seeds are first class in every particular. Ten choice and standard sorts—all for 25 cents.

1 pkt long smooth Blood Beet.
1 pkt of the new Bay View Melon.
1 pkt Hollow Crown Parsnip.
1 pkt Trophy Tomato.
1 pkt White Spine Cucumber.
1 pkt Mountain Sweet Water Melon.
1 pkt Early Winningstield Cabbage.
1 pkt White Bush Scallop Squash.
1 pkt Giant White, solid Celery.
1 pkt Early French Breakfast Radish.
The success attending our flower seeds has been so gratifying that we have again thought it advisable to extend our list. After careful comparison by tests on our own grounds, and consulting the best authorities both in Europe and America, we are enabled to present a revised list of the very cream of Annuals, Perennials and Biennials. We grow largely of such varieties of seed as will mature here, and import exclusively from the best European growers of such varieties as mature their seed best there.

**NOVELTIES—LATE INTRODUCTIONS.**

In selecting and testing these novelties we have aimed to secure the very best seed offered by the leading growers of Europe and America, and offer them with full confidence that they will afford great pleasure to those who try them.

**ASTER.**

**Victoria Aster—Snow white.** This elegant variety is of late introduction, and is of the purest snow white, very double, and of globular shape; pkt 10c. See cut.

**Truffant’s Fiery Scarlet Aster—**We continue this rare novelty from last year; still very scarce; a splendid dazzling scarlet; perfect flowers; pkt 15c. See cut.

**New Hybrid Spiral Mignonette—**This has proven to be an entirely distinct variety. It is a strong grower and a most abundant bloomer; flower spikes from 8 to 11 inches in height; pkt 10c.

**CONVOLVULUS TRICOLOR ROSEUS.**

A beautiful novelty. The center of its rose-colored flowers is pure white, fringed with purple and shaded away towards the throat in five broad bands of golden yellow; pkt 15 cents.

**BALSAM.**

**Yellow (New)—**Light canary yellow, a rare color in Balsams, giving a beautiful contrast with the ordinary sorts. Every one should try it; pkt 15c.

**NEW FRENCH MARIGOLD—Gold Striped.**

This is an entirely distinct variety, being compact and very double, and striped with deep gold; pkt 15c.
choice mixed sorts, easily grown and exceedingly interesting from the time the first tiny leaf presents itself, not larger than a half-dime, and yet recognized as a Geranium, until the full development of plant and flower. The wonderful variety and shades of color make them intensely interesting, besides giving a fine collection for a small amount; pkt 10c.

PANSY.

Sample of Sebrecht's Prolific.

Sebrecht's Prolific Pansy—The great popularity of this wonderful strain of pansies has become such that our supply of seed was scarcely sufficient to meet the demand. This season we have secured a supply that we think will be ample. There has also been further improvement in the size and markings of the flowers, which assume such remarkable blending of color that we feel unable to describe them or give a correct idea of their beauty, each flower being a study of itself. Plants dwarfish and compact in habit, flowers very numerous and large, and of the most perfect form. Color mostly of dark and golden shades. Some will be clear coal-black, others black bordered or stained with gold, others of the richest velvety purple, marked with gold and yellow, others golden yellow, marked with dark shades, and shades of dark and light blue, while the lemon will be represented in beautiful form. This Pansy is especially adapted to Winter blooming; pkt 15c. See cut.

MILONETTE.

Golden Queen—This novelty, introduced last year, has attracted much attention and many commendations. On plant with a number of varieties, the Golden Queen was singled out as the most beautiful of all, the plants just covering themselves with a mass of fragrant gold. No collection complete without it; pkt 10 cts.

DAHLIAS—(New Single.)
The Single Dahlias have been attracting a great deal of attention, and it is with pleasure we offer this choice strain, which are very attractive and interesting; 15 cts.

HIBISCUS AFRICANUS ALBA—This beautiful white hardy Hibiscus is very desirable; flowers about 8½ inches in diameter and pure white; the plant is entirely hardy, requiring but little care; pkt 15 cts. The full set of eleven choice novelties for $1 25.

General List of Flower Seeds.

ALL FLOWER SEEDS SENT FREE BY MAIL ON RECEIPT OF PRICE.

MAKE CHANGE IN POSTAGE STAMPS.

Please take notice. Discount on Flower Seeds in Packets only. Purchasers ordering seeds in packets to the amount of 50 cents may select to the amount of $1 25. To the amount of $2 00 may select to the amount of $4 00.

ABRONIA.

Charming trailer, with beautiful Verbena-like clusters of sweet-scented flowers; continues in bloom a long time, very effective in beds, rock-work or hanging baskets; half hardy annuals.

ABRONIA Arenaria—Waxy yellow, ½ foot, 10c.

ABRONIA Umbellata—Rosy lilac, ½ foot, 10c.
Splendid plants for large clusters or masses, as well as for in-door blooming during the Winter.
Ageratum Mexicanum Albiflorum—Beautiful white; pkt 5 cts.
Mexicanum Nanum—Blue dwarf; pkt 5 cts.

ADONIS

Adonis—Has pretty narrow leaves. The flowers are very brilliant, will flourish almost anywhere, in the shade of trees or in retired corners.
Adonis Staiva.—Summer, scarlet; 1-ft.; pkt 5 cts.
Autumnalis—Autumn, blood red; 1-foot; pkt 5c.

AMARANTHUS

Ornamental foliage plants, very graceful, producing a striking effect.
Amaranthus Tricolor, Joseph's Coat—Leaves red and green; pkt 5c.

Giganta—Very fine, mixed; pkt 5c.
Bicolor Kuber—Foliage green and dark red, tipped with yellow, 3 to 5 feet; pkt 5c.
Caudatus (Love Lies Bleeding) — Long drooping "chain" of flowers, pretty for decorating; pkt 5c.

ANCHUSA

Capensis—One of the few hardy plants that will do well in a shaded situation; pkt 5c.

ANEMONE

These rank among the earliest and brightest of our Spring flowers, and succeed well in any sunny situation, with rich light loam; hardy perennial.
Anemone Coronaria—Mixed, 3/4-foot; pkt 5c.

ANTIRRHINUM—Snap Dragon.

One of our favorite Summer flowering plants of easiest culture, if not too much exhausted will flower well the second Summer.
Antirrhinum—Fine mixed; pkt 5c.
Antirrhinum Nanum—Dwarf growing variety, fine mixed; pkt 5c.
Antirrhinum Numidicum—Very choice, mixed; pkt 5c.

AQUILEGIA—Columbine.
The peculiar drooping clusters of bell-shaped flowers of brilliant hues makes them desirable. Hardy Perpetual.
Durandii—Double red and white striped, 1 1/2 ft.; pkt 5c.
Glandulosa—Blue and white, 1 1/2 ft.; pkt 5c.
Mixed Double—All colors; pkt 10c.
Single—All colors. pkt 5c.

ASTERS

This class has been so much improved of late that they will be pleasant surprises to those who are only familiar with those of several years past. Everyone should try them. Hardy Annuals.
Quilled German Aster—Very double and finely quilled, mixed; pkt 10c. See cut.
Reed's Improved Quilled—A choice variety, very double, mixed; pkt 10c.
Peony Flowered Globe—Large, double, mixed; pkt 10c.
Dwarf (German) — Dwarf, very double and fine; pkt 10c.
Dwarf Pyramidal Bouquet—Height from 12 to 15 inches, a very fine blooming variety, mixed colors; pkt 10c.
Crown, or Cocardeau—A very handsome variety, with large flowers, the centers of which are pure white, surrounded with many bright colors, 2 feet; pkt 25c.

BROWALLIA

The following hardy annuals are quite valuable for window or conservatory in Winter.
Browallia Biata—Blue; pkt 5c.
Browallia Biata—White; pkt 5c.
BALSAM—Lady Slipper.

One of the most popular of annuals, differing widely from the old Lady Slipper of a few years ago, in that it has been so improved that it now compares favorably with the faultless Camellia. Our strain is unsurpassed.

CANDYTUFT—Iberis.
One of the most popular of old annuals, its neat clusters of white or purple flowers are sought after by bouquet makers.

CANDYTUFT America—White, very fine; pkt 5c.

CANDYTUFT Balsam—From Pink—Choice Double Rose Balsams; pkt 10c.

CANDYTUFT Balsam Brilliant Red—New; pkt 10c.

CANDYTUFT Blood Red—New and very choice; pkt 15c.

CANDYTUFT Choice Double Rose Balsams—Striped, mixed; pkt 10c.

CANDYTUFT Double Carnation—Striped, mixed; pkt 10c.

CANDYTUFT Double White—Extra fine; pkt 10c.

CANDYTUFT Indian Cotton—Choice; pkt 10c.

CANDYTUFT Lady Slipper—Flowers mixed; pkt 10c.

CANDYTUFT Mixed—Choice; pkt 10c.

CANDYTUFT All Sorts—Mixed; pkt 5c.

BALLOON VINE—Love in a Puff.

Balloon Vine—Ornamental climbing vine; pkt 5c. See cut.

CANTERBURY BELL.

Canterbury Bells are amongst the most attractive of border plants, they succeed in light, rich soil, and should be transplanted two feet apart, hardy biennials.

BARTONIA.

Bartonia Aurea—Very attractive, large, golden yellow; pkt 5c.

BELLIS—Double Daisy.
A well known little flower for edging, etc., may be increased by dividing the roots set six inches apart.

Daisy Mixed—Very fine, double; pkt 5c.

CANNIS.
Canna—Indian Shot Plants—Foliage of tropical luxuriance, fine for groups or massing, mixed; pkt 5c.

COSMIDUM.

A beautiful Coreopsis-like Annual, with large and very showy flowers, admirably adapted for groups of marginal lines. Hardy annual.

COSMIDUM Burridgeanum—Crimson, brown and yellow, 2 feet; pkt 5cts.

CYPRESS VINE.
The most popular of annual climbing plants, with delicate fern-like foliage. Half-hardy annuals.

Cypress Vine—Scarlet, 15 feet; 5c. White, 15 feet; 5c. Rose, 15 feet; pkt 5c.

DELPHINUM—Larkspur.
They prefer a cool situation, should be planted in the Fall.

Delphinum Larkspur—Double dwarf rocket, fine, mixed; pkt 5c.

DELPHINUM Cloth of Gold—Fine, with white points; new; pkt 10c.

DELPHINUM Hyacinth-flowered—mixed; pkt 5c.

DELPHINUM Double tall rocket Larkspur, mixed; pkt 5c.

CENITA—Dusty Miller.
The best silver foliage plants in cultivation.

CENITA Gymnocarpa—Graceful, silver foliage; pkt 25c.

CENITA Centaurea Clementii—A new robust sort, producing crowns of silvery leaves; pkt 25c.

CHRYSANTHEMUM.

Hardy annuals, affording a great variety of forms and colors. Popular everywhere.

CHRYSANTHEMUM—Fine, late bloomer, choice; pkt 5c.

CINNARIA—Cape Asters.

A favorite greenhouse perennial. The flowers and the foliage are both handsome, bloom nearly all the year. Thrive best in a light rich soil. Planted out in Summer.

CINNARIA Maritima—An ornamental foliage plant, with large silvery leaves; pkt 10c.

CINNARIA Hybrid—Fine, mixed, choice colors; pkt 25c.

COSMIDUM.
DAHLIAS.

The great improvement in this well known flower has greatly revived the interest in their cultivation in the last few years. Seed sown early, say from the middle of April to May 1st, will flower the first season. The seed we offer we have imported from Prussia, and were gathered from one of the finest collections there.

Georgina Variabilis—Fine double mixed varieties; pkt 10cts.

Georgina Variabilis—Fine dwarf, very choice, mixed; pkt 15 cts.

COBCEA.

A fine Summer flowering plant, quick-growing, and bearing large bell-shaped purple flowers. In sowing place the seed edgewise and cover lightly. Half-hardy perennial.

Cobcea Scandens—Purple, 20 feet, pkt 10 cts.

COWSLIP.

Favorite early free-flowering plants, which should be extensively grown for filling the beds and borders of the Spring flower garden; succeed best in rich soil; hardy perennials.

Cowslip—Fine mixed varieties, ¾ foot, pkt 10c.

DIGITALIS.

Digitalis, Foxglove—Handsome, ornamental plants, fine, mixed; pkt 5c.

DIANTHUS—Chinensis.

Dianthus, or Chinese Pink—One of the most hardy plants, giving the most brilliant and varied colors.

Chinensis—Double Chinese Pink; pkt 5c.

" Denticus Hybridus—Tall dwarf, fine; 10c.

Heddiwigii—Beautiful mixed colors; 10c.

Alba Flore Pleno—Double white, hardy annual; pkt 5c.

Liciniatus—A beautiful fringed variety, mixed; 10c.

DOLICHOS—Hyacinth Bean.

Beautiful climbing plants, free growth, flowers in clusters; pkt 5c.

GOURDS—Ornamental.

Gourd—Bottle shaped; pkt 5c.

Miniature; pkt 5c.

Dipper, old-fashioned gourd; pkt 5c.

Hercules Cib—A curious sort; pkt 5c.

Nest Egg—New, pure white and about the shape and size of an ordinary hen’s egg; will keep for years; valuable for nest eggs; pkt 5c.

GODETIA.

Plants a foot or more in height, free and constant bloomer; colors pink and red, with white.

Godetia—Best varieties mixed; pkt 5c.

Lady Albemarle—Pkt 5c. See cut.

HELICHRYSUM—Everlasting Flowers.

Flowers cut before fully expanded, will retain their color and beauty for a long time, very choice, mixed; pkt 5 cents.

HELIANTHUS (Sunflower)—Oscar Wilde.

New dwarf growing sort, small flowered of a beautiful golden yellow; just in the fashion; pkt 10c.

HIBISCUS.

A showy ornamental class of plants, for mixed beds or shrubbery borders; doing well in any garden soil, having large-sized; varied and beautiful colored flowers.

Africanus—Large, cream-colored flowers, with a brown center, hardy annual, 1½ feet; pkt 5c.

Palustris—Large pink flowers, thriving in dry or moist soil, hardy perennial, 3 feet; pkt 5c.
HOLLYHOCK.
The seed we offer of mixed half-hardy flower has been saved from named varieties of every known shade of color. Hardy perennials.
Hollyhock—Extra choice, double, finest mixed; 20c.
Hollyhock—Double white; pkt 20c.
ICE-PLANT.
Ice-Plant—Fine for baskets, rockwork, etc., leaves covered with crystalline globules; pkt 20c.
DIANTHUS BARBATUS—Sweet William.
Sweet William—Fine mixed; pkt 5c.
Dennetti Superbus—Dark scarlet; pkt 5c.
Auricula Flowered—All colors mixed; pkt 10c.
Double Flowering—Of the finest mixed colors; pkt 10c.
LANTANA—Sweet Pea.
Desirable for covering trellises, fences, old stumps etc.
Bright blue and purple; pkt 5c. Invincible scarlet; pkt 5c. Red, striped with white; pkt 5c. Mixed; pkt 5c.
LANTANA.
Flowers are borne in Verbena-like heads, embracing every shade of pink, purple, orange, red and white.
Lantana Hybrida—Mixed; pkt 10c.
LOBELIA.
Annual varieties are mostly of a trailing habit, fine for baskets, vases, etc., this bed; Lobelia.
Lobelia Erinus—Fine for ribboned lines, baskets, etc.
Paxtoniane—Pure white; pkt 10c.
Blue King—Pkt 10c.
Mixed—Pkt 10c.
LUPINUS.
Mixed annual varieties; pkt 5c.
MAURANDIA—Barclayana.
An elegant Summer climber, and very desirable for window or conservatory in Winter.
Maurandia Blue—Pkt 5c.
Alba—White, 10 feet; pkt 5c.
Rosea—Rosy pink, 10 feet; pkt 5c.
Finest mixed colors; pkt 5c.
MARVEL OF PERU—Mirabilis.
Continuous bloomer, very showy, roots may be preserved during the Winter, sometimes called Four O'clock.
Marvel of Peru—Variegated, fine mixed; pkt 5c.
Marvel of Peru—Variegated foliage; pkt 5c.
MORNING GLORY—Convolvulus.

The most popular annual climber we possess.
Major—Morning glory. Fine mixed varieties; pkt 5c.
Minor Tricolor—Violet, purple and white. 1 ft. Hardy Annuals; pkt 5c.
Mauritianus—Beautiful for hanging baskets and vases, flowers blue. Hardy Perennial; pkt 10c.
Eclipse—This elegant variety which we received from South America last year, is still rare, dark blue, tipped and scoloped; azure blue; pkt 10c.
MARIGOLD—Tagetes.
Well known free flowering plants, with fine double flowers.
Marigold African Quilled—Double mixed; pkt 5c.
Dwarf—Double mixed; pkt 5c.
MATRICARIA—Feverfew.
Handsome, free flowering, ornamental plants, fine for bedding or pot culture, half hardy perennials.
Matricaria—Pyrethrum golden feather, fine for edging and ornamental planting; pkt 10c.
MIGNONETTE.
Remarkable for its free and delicious fragrance much used for cut flower work.
Mignonette—Sweet scented; pkt 5c. See cut.
Parson’s New White—Flowers nearly white, a desirable variety; pkt 10c.
Large Flowered Pyramidal—Receeds Amelotana: large strong spikes; pkt 10c.
MIMULUS—Monkey Flowers.
Mimulus Moschatus—Musk plant; pkt 10c.
MOMORDICA—Balsam Apple.
Curious trailing plant, with remarkable red fruit, placed in alcohol is valuable for cuts, bruises, etc.
Momordica Balsamina—Balsam Apple. From East Indies. 10 feet; pkt 5c.
Charanta—Balsam Pear, 10 feet; pkt 5c.
MYOSOTIS—For-get-me-not.
Charming little plants, very popular, producing their beautiful star-like flowers in great profusion.
Myosotis Palustris—True blue; pkt 10c.
PENSTEMON.
Plants of highly ornamental character, graceful in habit, and remarkable for the abundance and beauty of their individual blossoms; in bloom from July to October; half-hardy perennials.
Penstemon—Choice mixed; pkt 10c.
PETUNIA.

The Petunia is unequaled for delicate shading and continuous bloom, seed sown in early Spring will bloom by June and continue until after frost.
Petunia Countesse de Elsmore—Fine for mossing or borders; flowers pink, with white throat; pkt 10c.
Fine striped and blotched; pkt 10c.
Fine mixed; pkt 10c. See cut.
Hybrid GrandFiora Alba—Large, pure white; pkt 10c.
Flora Pieno—Double, will produce from 12 to 25 per cent of double flowers; pkt of 50 seeds, 25c.
PRIMULA.
Chinese Primrose—Sow in boxes of soft loam; cover the seed very slightly with fine sand, keep shaded until fairly started, sow from February to May. Mixed seeds from one of the finest collections in this country; pkt 25c.
Heart's Ease—The Pansy is so well known that it is hardly worth while to attempt to describe it; its rich velvety flowers and peculiar markings make it very desirable. Our Pansy seed have been selected with the greatest care, and we herewith present the very choicest sorts. Sow in boxes or pots from September to May, transplant into shallow boxes; as soon as large enough remove to the open ground.

Pansy—Light blue; pkt 10c.
Brown and red; pkt 10c.
Pure white; pkt 15c.
Pure yellow; pkt 15c.

PHLOX DRUMMONDI.

One of the very finest of our annual plants, the unequaled richness and variety of color, and constant bloom, make them a favorite with all.

Phlox Drummondii Isabella—Pale yellow; pkt 10c.
Alba—Pure white; pkt 10c.

Atropurpurea Striata—Beautifully striped; pkt 10c.
Coccinea—Deep scarlet; pkt 10c.
Phlox—Very choice mixed; pkt 5c.

PORTULACA.
Brilliant and hardy annuals of the easiest culture, delighting in a sunny situation, very fine; mixed; 5c.
Portulaca—Double, finest mixed; 15c.

PHACEILIA CONGESTA.
Light blue, good border plant, fine for bouquets; pkt 5 cts. See cut.

RICINUS—Caster Oil Bean.
Tall growing plants of tropical origin, and whose luxuriant foliage renders them exceedingly ornamental and desirable. Half-hardy annuals.
Ricinus Gibson—New. Dark red foliage; pkt 10c.
Ricinus—Choice mixed; pkt 5 cts.

SALPIGLOSSUS.
Ornamental and useful for Autumn decoration.
Salpiglossis—Fine mixed; pkt 10c.
Nana—Dwarf, mixed; pkt 10c.

SALVIA—Scarlet Sage.
Salvia—Splendid, brilliant scarlet; pkt 5c.

SAPONARIA.
Charming little plants, flowering all the season.
Saponaria Calibrata—Rich deep pink; pkt 10c.
Rosea—Pkt 10c.

SCABIOSA—Mourning Bride.
Scabiosa Major—Splendid, double, mixed; 10c.
Major Nana—Dwarf, mixed, fine; 10c.

SENSITIVE PLANT.
An interesting and curious plant, the leaves closing when touched; pkt 10c.

SMILAX.
Smilax—An elegant greenhouse climber, much valued for decoration and window culture; Pkt 10c.

STOCKS.
German Ten Weeks.—Especially valued on account of the continued bloom.
Stock—Dwarf German Ten Week; 10c.
Large Flowered Ten Week—Pkt 10c.

TORENIA.
Torenial Fournier—New, a very fine tender annual from Mexico, with a profusion of rich blue flowers during the whole season, start in boxes or hot beds, unexcelled bedding plant; pkt 10 cts.

Double Zinnia—A garden favorite, branching habit, with brilliant flowers, fine, mixed; pkt 5c.
LADIES' FLORAL CABINET.

FOURTEENTH YEAR.

MONTHLY, $1.25 PER YEAR.

22 VESEY STREET, NEW YORK.

The Only American Magazine specially devoted to Floriculture for Amateurs.

Which is Entirely Disassociated with any Florist's, Seedsmen's, or Nurseryman's Interests.

FOR THIRTEEN YEARS this popular Magazine of Floriculture and Domestic Arts has maintained a prominent position among American monthly journals, and never with more credit to itself than now. Giving more space to the treatment of Floriculture for Amateurs than any other publication, it accompanies its text with several illustrations in every number, showing the shape and appearance of plants and flowers described. During 1884, there were over 140 different articles on plants and flowers, accompanied by over 30 illustrations. While aiming to present information in popular language, it strives to have every statement scientifically accurate—useful for to-day's guidance; worth preserving for reference at any future time.

IF YOU LOVE FLOWERS and love to cultivate them in the window-garden, in the conservatory, or in the out-door garden, the FLORAL CABINET will bring, every month in the year, facts which will interest and aid you to attain more satisfactory results.

In its Literary Departments, the intention is to give only such matter as will educate, improve and cheer.

In its Illustrated Articles in the Departments of Domestic Arts, Mothers, Wives, Sisters and Daughters will find, every month, valuable directions for executing new and practical designs for decorative work. Domestic Economies have regular attention under various headings, and it is confidently asserted that every number contains enough useful knowledge for housekeepers to repay a full year's subscription.

The publishers send, without extra cost for postage or packing, a most attractive Seed or Bulb premium to every yearly subscriber for 1885, who requests it when subscribing. See back of this circular for premium list.

The subscription price is $1.25 per year, which includes any one of the premiums. Single numbers 12 cents. A sample number, 6 cents, if this catalogue is mentioned. Great opportunity to make money among your own neighbors, in cash commissions, which the publishers pay. Ask for terms to club raisers when you send for sample number.

VERY IMPORTANT.—Through an arrangement with the publishers of the monthly Ladies' Floral Cabinet, all of our patrons may have the advantage of club rates for the present year. $1.00 and the Coupon attached and you will receive a year's numbers, beginning with the year 1885, or any issue you prefer.

Very truly yours,

JOS. T. PHILLIPS, WEST GROVE, PA.
THE FLORAL CABINET'S
PREMIUMS FOR 1885.

In announcing our Premiums for 1885, we would call attention to the unusual variety placed at the disposal of our subscribers from which to select, and also to the decided value of each number.

We send post-free to any yearly subscriber who requests it at the time of subscribing, (coming direct or through a club agent), any one of the premiums enumerated below. Thus, if you want the ten packets of Flower seeds, request "Premium No. 1;" if you want the beautiful novelty, "Tigridia Grandiflora Alba," request "Premium No. 4," etc., etc.

FLOWER SEEDS.

Premium No. 1.
New Golden Mignonette.—The best variety of this popular annual.
Hyacinthus Candidus.—New, hardy bulb; flowers the second year from seed.
New Dwarf Pelargonium.—Last season's novelty, well adapted for ribbon borders.
Prize Balzams.—The best strain under cultivation.
Prize Asters.—Mixed forms and colors.
Improved Zinnia.—A remarkably fine strain.
Galardzia Picta Lorenziana.—The best hardy annual under cultivation.
Daisy.—Odeir, or Five Blotched and fancy mixed.
Fine Mixed Cannas.—Fine for sub-tropical gardens.
Delphinium.—The perennial flowered or Bee Larkspur. Will begin mailing seeds in February, 1885.

BULBS.

Premium No. 2.
Fifty Gladiolus Bulbets.—Which will flower the second year—all from fine seedlings.

Premium No. 3.
Ten Summer flowering Oraiz.—Very fine border plants.

Premium No. 4.
One Tigridia Grandiflora Alba.—Pure white, spotted with crimson in center, gold banded petals. This is one of the most showy and beautiful of all the summer flowering bulbs.

Premium No. 5.
One Bulb each of Tigridia grandiflora (red) and Tigridia Conchifera (yellow).

Premium No. 6.
Three Pearl Tuberoses.—Flowering bulbs.

Premiums Nos. 2 to 6 inclusive, will be mailed to the Southern States in March, 1885; to the Northern States in May, 1885.

Remittances to be at our risk must be in post-office order, bank draft or registered letter.

ADDRESS ORDERS TO
JOS. T. PHILLIPS, WEST GROVE, PA.

Floral and Household Books

Published at the Office of the Monthly
"LADIES' FLORAL CABINET," NEW YORK.

Window Gardening.—Treats of the general management of window-gardens, kinds of window-boxes and stands best adapted to plants, temperature required, how and when to be watered, soil and fertilizers best adapted to them. 300 Pages, 250 illustrations, cloth-bound, $1.50, post free.

Every Woman Her Own Flower Gardener.—This delightful little work upon out-door gardening for ladies is full of useful information for laying out flower borders, ribbon beds, and the arrangement of ornamental plants, selection of seeds for the annuals and perennials, weeding, watering, planting out and pruning. 148 pages, cloth-bound $1.00, post paid.

How to Destroy Insects on Plants, Flowers, etc.—These valuable recipes and suggestions are the result of the practical experience of many workers in Floriculture. Paper-bound, thirty cents, post paid.

Ladies' Guide to Needlework.—A hand-book of all the various kinds of needlework, edited by S. Annie Frost, giving minute directions, aided by more than 100 illustrations. For knitting, crocheting, etc., 158 pages, nearly 100 illustrations, cloth-bound, $1, post free.

Ladies' Fancy Work.—It describes very minutely the manner of making wax flowers. Hair-work is an interesting form and also feather ornaments and shell-work. There are descriptions of fish-scale embroidery, painting upon ground glass, etching upon glass, and many other ways of making miscellaneous fancy ornaments. 300 pages, 350 illustrations, cloth-bound, $1.50, post free.

Beautiful Homes.—Tells how to furnish economically, yet tastefully, dining-rooms, living-rooms, libraries, parlors; what to do with the windows, mantels, sofas and chairs; how, by small outlays, many things can be utilized to make home beautiful which have lost their charm through defects caused by constant wear. 314 pages, 350 illustrations, cloth-bound, $1.50, post free.

Artistic Embroidery: By Ella Ropman Church.—Designed to show the best and easiest method of undertaking this branch of art, with the aid of nearly 200 illustrations and explanatory designs. It gives in detail the manner of working Kensington and Holbien embroideries, and its chapters upon "The Simple Ideas of Color," contain many valuable suggestions.

132 pages, 300 illustrations, cloth-bound, $1, post free.

Household Elegancies.—The preservation of autumn leaves, crystalized flowers and foliage, coloring grasses and everlasting flowers, and the manner of taking leaf photograph and in their order and interest, as pleasing ways of keeping a bit of the summer days always about us.

"Indian Painting in Imitation of Ebony and Ivory," is the heading of one of its chapters, which also tells of Japanese lacquered-work or paper-mache, gilding, etc.

300 pages, 268 illustrations, cloth-bound, $1.50, post paid.

Evening Amusements.—It comprises more than 100 fireside games, adapted to both children and the older members of the home. It contains general directions for tableaux vivant, charades, etc., how to arrange for statuary, so that with these aids an evening entertainment can be given with comparatively little trouble.

350 pages, cloth-bound, $1.50, post free.

T^RN D*VER FOR IMPORTANT OFFER.
Enchantress.

The above cut is a fine representation of this double white Fuchsia. It is somewhat dwarf in its habit, forming a beautiful specimen, and literally covering itself with its charming flowers; corola double and full, of a pure white; sepals and tube clear bright red, interspersed with its deep green foliage, makes the contrast most marked and elegant.

Price, 25 cents each.
The above cut represents some of our collections of choice Fuchsias. We think our list is not excelled if equaled. For general list see page 17.
